Hungarian Court Sentences Cardinal To Life Imprisonment

Joint Move Of U.S. And Britain Is Possibility

Allied Peace Treaty With Hungary May Have Been Violated

SENTENCE GIVEN CARDINAL DENOUNCED

By THOMAS C. WATSON
(U. S. Staff Correspondent)

LONDON, Feb. 8.—The British government approached the United States today concerning possible joint action in connection with the life sentence given to Josef Cardinal Mindszenty.

Such action would be based on alleged violation of the Allied peace treaty with Hungary. Article II provides guarantees for freedom of speech and religion.

A foreign office spokesman said: "We still have the duty of informing ourselves whether or not Hungary is adhering to conditions of the treaty."

Rejected Protest

Hungary yesterday rejected a British protest against refusal to permit a British observer to attend the Mindszenty trial. The rejection noted that Britain was the only power to mention the peace treaty in connection with the proceedings.

Catholic and non-Catholic leaders of western Europe—in sorrow and in anger—joined today in denouncing the sentencing of Josef Cardinal Mindszenty to life in prison.

Pa Newc Observes

City hall was extremely quiet today, compared to the activities of yesterday when Boy Scouts received an "Adventure in Citizenship" by operating the various city departments.

Mrs. Carmen Picarro, 801 Duane street, reports that she has a pot of carnations which has been in her back yard throughout the winter. The plant is now sporting two full blooms having not been affected by the winter weather.

One wonders why some houses in New Castle do not have street numbers on them, while others are not marked plainly. Easily read figures help strangers and local residents in locating all homes.

City of Pittsburgh has an excellent slogan which is posted near all traffic lights and could be well heeded in all quarters. The sign reads: "Observe laws, conserve lives." Traffic laws are quite rigidly enforced in the once "smoky" city.

Grass fires in February are infrequent in this part of the country, but Shenango Volunteer Fire Department received a call Monday afternoon at 4:30 to the Gardner Stop area to fight one. Evidently the caller had the fire out by the time firemen arrived as they could not locate the scene of the blaze.

A New Castle postal clerk and local musician, Ernel Branstetter, performed an unusual feat on Sunday. It is told to Pa Newc, Mr. Branstetter, while attending Bible school at the First Presbyterian church, composed a hymn during the progress of the Bible school and that evening, just 10 hours later, Miss Lena Mae McConnell sang the song at King's Chapel church. Both words and notes had been supplied to the song by that time.

Reorganization Bill Faces Senate Battle

WASHINGTON, Feb. 8.—(INS)—The administration bill giving President Truman broad power to reorganize the federal government today faces a major battle in the senate following house passage by a 356 to 9 vote.

Members of the senate are being bombarded with telegrams urging protection for various departments and agencies, particularly the army engineers.

Keystone Of Hoover Plan

The bill is the keystone of the Truman-Hoover program for reshaping the government to cut waste and save "billions" and supporters now face the task of blocking this avalanche of sentiment for protecting the "pets."

Both President Truman and for- (Continued on Page Two)

Tax Measures Are Presented To Legislature

HARRISBURG, Feb. 8.—(INS)—The Republican administration's tax program for the 1949-51 biennium was in legislative channels today, with Gov. James H. Duff's controversial gasoline tax proposal already compromised.

Seven measures, calling for re-enactment of so-called "emergency" taxes, apparently were headed for clear sailing through the General Assembly, but the gasoline tax proposal was due for a stormy trip.

The house convened today at 1 p. m. and the senate at 2:30 p. m. (Continued on Page Two)

Gas Tax Hike Of Cent A Gallon Is Asked In One Of Tax Bills

The gasoline tax measure highlighted house activity. Although Duff originally for a two-cent hike in the current four-cent a gallon levy, the administration bill called for only a penny increase, indicating that a compromise has been reached to lessen opposition to the proposal.

In his budget message, Duff said he would be willing to compromise the tax increase at one cent if an additional \$40,000,000 would be provided for road development by bond issues through a highway authority. The one-cent tax hike will yield the state an additional \$40,000,000 for the biennium.

Despite the administration compromise on the new tax, the Democratic minority in the assembly, within 24 hours, and a personal denunciation by President Truman was seen as a possibility.

Condemn Trial And Sentence Of Cardinal

WASHINGTON, Feb. 8.—(INS)—The entire Republican membership of the house today condemned the trial and life imprisonment sentence imposed upon Cardinal Mindszenty by the Communist-controlled Hungarian government.

At the same time House Speaker Rayburn (D) Tex., declared: "The Christian world cannot help but be shocked over the verdict of the Hungarian People's Court in the trial of Joseph Cardinal Mindszenty."

As these developments came, an official United States protest against the verdict was expected (Continued on Page Two)

Three Killed When Train Hits Auto

LOCK HAVEN, Pa., Feb. 8.—(INS)—The Piper Aircraft company today reported three employees killed instantly and one injured last night when their automobile was struck by a passenger train near Toledo, O.

The men, on a special assignment to Wayne, Mich., were struck by the train as they crossed an unguarded crossing.

The dead were identified as: Marvin Armstrong, 29, of Flemington, Pa.; Piper Aircraft service manager; Pierce Russell, 49, Lock Haven, department head, and Alexander Cresswell, 60, of McElhaten.

Acting President Of China Seeking To Speed Peace

FLIES TO SHANGHAI IN DRAMATIC EFFORT TO STIMULATE PEACE MOVES

NANKING, Feb. 8.—(INS)—Nationalist China's acting president Li Tsung-jen flew from Nanking to Shanghai today in a dramatic new effort to stimulate peace moves.

The nation's currency simultaneously began falling apart in a monetary crisis brought on by the government's military defeats in the civil war.

Reuters reported from Shanghai that government troops are abandoning more positions on the north bank of the Yangtze river. The towns of Haimen and Chitsu, less than 50 miles from Shanghai, were reported evacuated.

Li landed at Shanghai unexpectedly this morning. The purpose of his second trip to China's largest city within the past fortnight was to confer with members of a civil peace delegation standing by at Shanghai for a flight to Peiping.

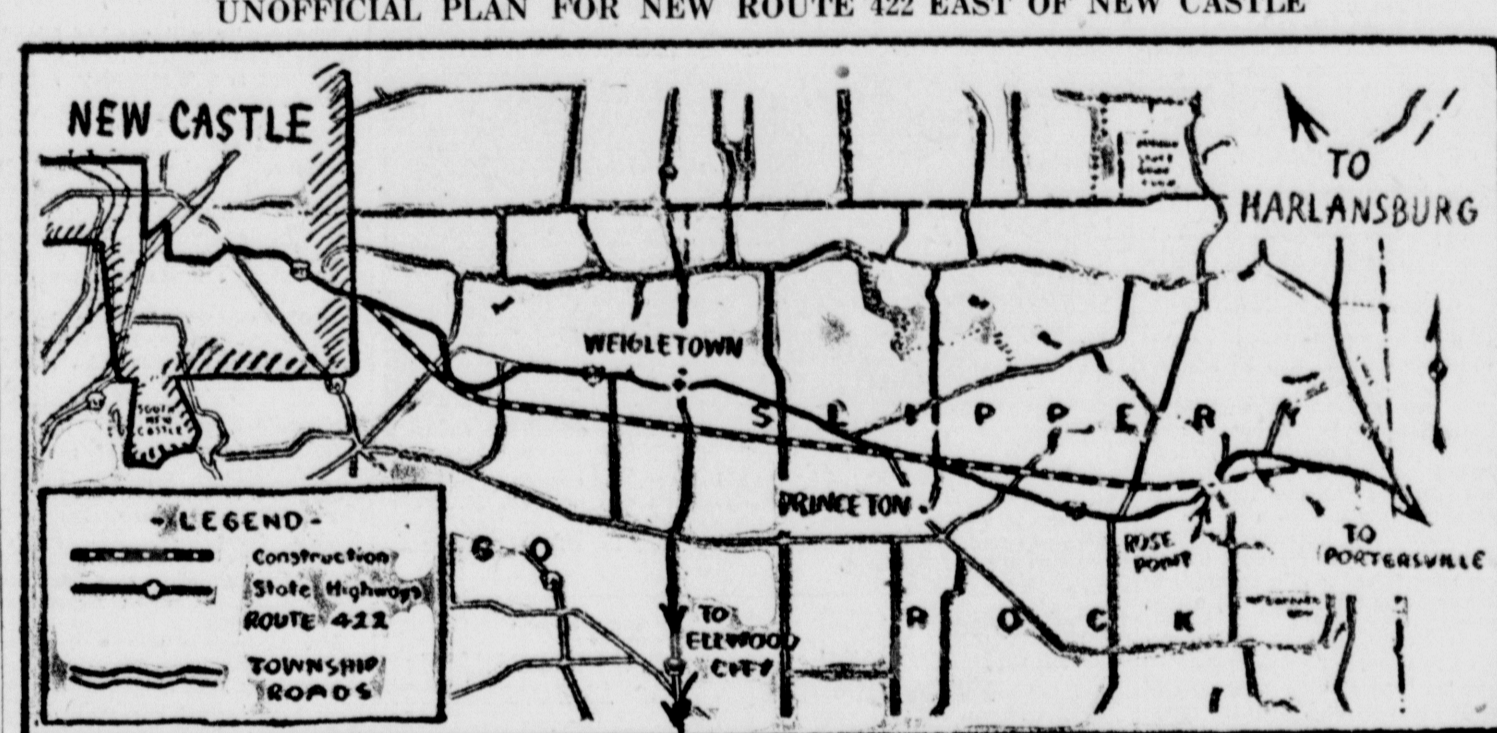

The delegation, headed by Dr. (Continued on Page Two)

Confiscation Is Ordered By East Berlin Government

BERLIN, Feb. 8.—(INS)—The communist controlled East Berlin government today ordered expropriation of the property of all anti-communists, "war criminals and Nazi activists."

Confiscated factories not destined for public ownership will be awarded to "victims of fascism and anti-fascists" who will be selected by a special committee.

Above is shown the unofficial plans for the proposed improvement of Route 422, from the outskirts of New Castle to connect with the section which is now being completed from the Lawrence County line to the outskirts of Butler. The proposed new route, as shown in the sketch above, will be almost straight. It bears slightly to the south after leaving the city, until it reaches Willow Brook, after which it goes in a direct line to a point near Rose Point, where it curves slightly to the north again, joining the section now being worked on in Butler county, at the county line. It crosses the old section of 422 at Princeton, and again at Rose Point. The bridge over the Slippery Rock at Rose Point, will be approximately 100 yards south of the present bridge and will be a high level bridge.

New Storms In Blizzard Area

FURTHER LOSS AND DAMAGE FEARED IN WESTERN RANGELANDS

DENVER, Feb. 8.—(INS)—Winter's "iron curtain" of snow and cold isolated vast stretches of America's western rangelands and mountains today in a new death-dealing series of blizzards and avalanches.

The latest devastating storms blanketed roads recently opened in the Army's "operation snowbound" and Maj. Gen. Lewis A. Pick ordered his crews battling to keep the roads clear to "redouble our efforts."

More livestock faced extinction as white dreary stretches of wind-swept undulating drifts stalled trains, buses and autos in Wyoming, Utah and Idaho.

Norway Seeks Answers From U.S. On Questions

WASHINGTON, Feb. 8.—(INS)—The United States is preparing the answers today to an important series of questions advanced by Norway which may greatly affect the future of the Scandinavian countries.

It was learned that Norwegian Foreign Minister Halvard Lange is submitting the questions to help his homeland decide whether to accept an invitation to join talks on the North Atlantic Security Alliance.

Lange, under pressure by Russia to sign a non-aggression pact with Moscow, wants information on such principal questions as these:

1. Would the United States be willing to support with military (Continued on Page Two)

Report 2278 Births In County First Ten Months Of '48

Deaths During Same Period Reached 812; Births In '47 Were 2898; Deaths 1037

In the first 10 months of 1948 births outnumbered deaths in Lawrence county, 2,278 to 812. These figures were made available today by the State Department of Health, Bureau of Vital Statistics.

In 1947 the totals for the 12 months were 2,898 births and 1,037 deaths. Complete totals for 1948 have not yet been compiled in Harrisburg, only the first 10 months being available.

Hoffman Urges Second-Year Fund For Marshall Plan

WASHINGTON, Feb. 8.—(INS)—Paul G. Hoffman, Economic Cooperation administrator, urged Congress today to "hit hard" now for European recovery with a second-year Marshall Plan fund of four billion, 280 million dollars.

Hoffman laid before House and Senate committees a program which he said already has buttressed the movement for political freedom and unity in Communist-threatened Europe.

He called the new request, 775 million dollars under that of a year ago, "realistic and extremely conservative." He said an interim China program will be submitted later, perhaps by early March.

Hoffman's testimony opened public hearings of the Senate (Continued on Page Two)

Committee Of House Votes For Bigger Air Force

Votes For 70-Group Air Force—At Least \$800,000,000 Increased Fund Sought

WASHINGTON, Feb. 8.—(INS)—The house armed services committee today voted for a 70-group, 502,000-man air force in opposition to President Truman's stand for 48 groups.

The armed services group will ask the house appropriations committee for an increase of "at least" 800 million dollars for the air force.

Today's vote for the 70-group force and the increased appropriation was unanimous. The committee also voted to authorize an 837,000-man army.

The congressmen, in approving the measure, sponsored for the first time a permanent law governing the power, duties and composition of the army and air force.

The legislation authorizes appropriation of whatever funds are needed to build up the two branches of the military establishment to the specified strength. The actual size of the two forces will depend upon funds subsequently appropriated by congress.

At present, the army consists of about 700,000 men while the air force has 411,000.

Immediately after the committee action, Chairman Vinson (D) Ga. was authorized to appear before the house appropriations committee and ask for an increased appropriation of "at least" 800 million dollars for the air force.

It has been pointed out that this amount would permit the air force (Continued on Page Two)

Soviet Paper Warns Finland On Defense Pact

MOSCOW, Feb. 8.—(INS)—The Soviet labor newspaper Trud warned Finland sharply today against any direct or indirect participation in the north Atlantic defense pact.

The paper said that Finnish co-operation with Anglo-American "expansionists" would be a "dangerous course."

Trud also attacked Scandinavian "expansionists" for their attempts to "nail together a northern alliance."

It quoted Norwegian Foreign Minister Halvard Lange, who now is in Washington, as saying that under certain conditions Finland could become a partner.

The newspaper contrasted the present attitude of Finland with the "friendly policy" of the past when the cabinet had a far greater leftist representation.

Trud's article was interpreted as a clear warning to Finland to abandon any idea of joining either the Atlantic or a Scandinavian bloc.

Traffic Tieup Threat Facing Philadelphia

PHILADELPHIA, Feb. 8.—(INS)—The Quaker City's teeming thousands were faced today with the possibility of Philadelphia's worst transit tie-up since horse-car days.

The likelihood of a shutdown of virtually all trolley, bus and subway transportation at midnight Thursday loomed stronger as negotiations between 11,000 workers and the Philadelphia Transportation Co. appeared to have reached a hopeless impasse.

And to further muddy the situation, nearly 4,000 Yellow Cab drivers and maintenance men have called a strike for midnight next Monday.

If the threatened PTC shutdown begins and lasts four days, it would overlap with the possible cab walk-out.

Such a twin tie-up would throw the burden of transporting the city's millions of workers, commuters, shoppers and students upon independent cabs, railroads and private automobiles.

In both the PTC and Yellow Cab disputes, better pay is the chief bone of contention.

Prosecutor In Trial Appeals From Verdict

Josef Cardinal Mindszenty Calm As Verdict Of Court Is Given

PRISON TERMS GIVEN OTHER DEFENDANTS (BULLETIN)

BUDAPEST, Feb. 8.—(INS)—A Hungarian court sentenced Josef Cardinal Mindszenty to life imprisonment today, but the government prosecutor immediately appealed to a higher tribunal for the death penalty.

The 56-year-old Roman Catholic primate stood calm and expressionless, his eyes lowered and his hands folded, as Court President Vilmos Otti read the verdict in the Budapest court building.

Guilty Of Treason

Otti, head of the five-man "people's court" representing the Communist-dominated government, announced that the cardinal was guilty of treason, organizing a conspiracy against the republic, violating the law for the defense of the republic, and black market currency dealings.

Prosecutor Dr. Gyulas Alapi expressed his disapproval of the verdict and promptly appealed to the "supreme council of people's courts" to impose the most severe punishment—death by hanging.

Appeals for clemency were addressed to the supreme council by lawyers for the cardinal and four other defendants.

One of the defendants, Bela Is-

panky, a Catholic priest, was sentenced to life in prison. The five other accused men—all prominent Hungarian Catholic leaders—received prison terms of from three to 15 years.

The court president adjourned the morning session after ordering the sentences reviewed by the supreme council.

As Otti read the verdicts, the spacious, high-windowed jury room was deathly quiet, save for the weeping of a woman—the wife of one of the defendants, Prince Paul Esterhazy.

The cardinal, looking pale and (Continued on Page Two)

WOMAN'S CLUB HEARS
ENLIGHTENING TALK

Ladies of the New Castle Woman's club gathered in the Highland U. P. church Monday afternoon at 2 o'clock. There was quite a large attendance. Mrs. C. R. Brenner, president, led the ladies in repeating the "Woman's Club Creed," which was used for the opening prayer.

Mrs. Ralph A. Cooper, program chairman, introduced Viennabelle Prioletti, a young and talented pianist, who played "Sonata" by Beethoven and "Fantasy Impromptu" by Chopin.

Mrs. Cooper then introduced the speaker for the afternoon, Carlos Fallon, a foremost Latin American authority on South America. Mr. Fallon spoke on "Let's Watch Our Own Backyard," a timely and serious talk which should be heard by all forward looking Americans.

He spoke on the economic, political and military situations in the world today and stressed the importance of better trade and political relations with the Latin American countries. He told of the essential value Latin America can be to the United States today, both by producing raw materials which we need and by consuming the finished product. The steady rise of living standards in Latin America within the past 33 years makes those countries an ideal outlet for the industrial products which we have surplus quantities of the market today.

Mr. Fallon went into the international relationships between the two continents of America. He spoke on the Marshall plan, of the financial aid Latin America could give the United States in supporting the plan if permitted to assume the responsibilities. Mr. Fallon gave an account of his home life in Bogota, Republic of Columbia, which was both interesting and amusing. He is a speaker with a warm and charming personality and though his lectures are of serious and significant moment they have an amusing trend throughout.

Mrs. Glenn Carpenter, chairman of the ways and means committee, gave the report from the board. It was voted by the members that the ways and means project this year will be a donation from each member.

The following were nominated for office for the year of '49, and reported by the nominating committee: President, Mrs. C. R. Brenner; first vice president, Mrs. J. Edward Everett; second vice president, Mrs. Earl F. Henderson; recording secretary, Mrs. Earl C. Ruby; corresponding secretary, Mrs. E. L. Thompson; treasurer, Mrs. William A. Trimble; and parliamentarian, Mrs. William L. Cosel. These officers will be voted upon at the March meeting.

It was announced that an important speaker from the Beaver County Welfare Project will be featured on the program at the joint meeting of the legislation and citizenship department of Woman's club and the League of Women Voters.

Miss Emanuel has chosen Saturday, February 26, as the date of her marriage. The ceremony will be performed at 9 a. m. in St. Lucy's church. A reception, open to all friends and relatives, will be held from 2 until 6 p. m. There have been no cards issued.

Miss Emanuel attended the Philadelphia Conservatory of Music and is a graduate of Youngstown college with a B. S. degree in music. Mr. DeVidio is a graduate of New Castle high school and is employed on the Pennsylvania R. R.

MR. AND MRS. BARTON
ARE GIVEN HONOR

Mrs. George Hammond of Hillcrest avenue and Mrs. Harry Barton of Castlewood entertained a few friends and relatives at a wedding shower at the Hammond home Friday evening in honor of Mr. and Mrs. William Barton of Park avenue, nee Miss May Woods, of Croton avenue.

Hours were spent in playing games. Prizes were awarded to Mrs. John Kennedy, Mrs. Frank Smith, Hazel Kennedy and Mrs. John Yoho.

The bride then was presented with many packages which when opened revealed many kitchen gifts to be used in her apartment. Lunch was served by the hostesses at a long table decorated with red and white valentine favors. A large wedding cake formed a very attractive centerpiece.

On January 2, 1949, Rev. Robert Withers united Miss May Woods, daughter of F. Woods, of New Castle, to William Barton, son of Mr. and Mrs. Harry Barton, of Castlewood, at a double ring ceremony at 6:45 p. m. in the Stoneboro Methodist church.

The bride was attired in a navy blue suit with white accessories. They were attended by Mr. and Mrs. James Wimer of Main street, sister and brother-in-law of the bride. The bride is employed at G. C. Murphy Co., while the groom is employed at Hable's Auto Supply Co.

They are at home to their friends in their newly furnished apartment at 329 East Park avenue.

S.E.B. CLASS
HAS MEETING

Members of the S.E.B. class of the First Methodist church met in the church parlors Monday evening, with Mrs. H. E. Wiant, Miss Helen Mosely, Miss Cordelia Roberts and Mrs. L. W. Haight, as hostesses.

Mrs. M. L. Rich was in charge of the devotional period and following the business session, presided over by Miss Sara Wallace, refreshments were served in the dining room, at a table beautifully appointed in the valentine motif, using white carnations, red hearts and valentines.

The social committee will be in charge of the next meeting, which will be March 7, the place to be announced.

Attend Graduation
Mr. and Mrs. W. L. Dight motored to Cleveland with their son Paul, to attend the convocation for conferring degrees at Western Reserve university February 2.

Their son, Kenneth William Dight, was a member of the graduating class.

Scouts To Honor Parents As Part Of Anniversary

Window Displays And Saturday At Armory Part Of Week-Long Program Here

After successfully running the city of New Castle for a day, New Castle district Boy Scouts are planning to continue the celebration of National Boy Scout Week in various manners.

A certain highlight in the week-long adventure series is the family night dinner series conducted by individual units. An important part of scout law is reverence and respect. Each night throughout the week some troop or pack will invite their parents and friends to a dinner especially planned to honor those who bear the responsibility of raising, guiding and inspiring the future leaders of the community.

Many downtown stores have donated window space to the scouts, who started long before scout week to prepare handicraft and other exhibits of interest for display.

Dinner For Eagle Scouts
The Optimist Club of New Castle has invited the Eagle Scouts of the district to their regular dinner meeting Thursday, February 10, at the Castleton. John P. Brington Jr. will show movies of the world jamboree he attended in France.

A Saturday afternoon program at the Armory marks the end of the thirty-ninth anniversary celebration and the beginning of an ambitious two-year program in commemoration of the fortieth anniversary of the founding of the Boy Scouts in America. Launching a two-year crusade to "Strengthen the Arm of Liberty" will be a program broadcast on a national network from the base of the Statue of Liberty on Bedloe Island in New York harbor.

TAX MEASURES ARE PRESENTED TO LEGISLATURE

(Continued from Page One)

rural lawmakers and the oil industry are expected to continue opposition to the measure.

Other tax bills introduced in the house called for the re-enactment for two years of the penny a pint tax on beer, 10 per cent liquor tax, the 8-mill levy on gross receipts of utilities, the four per cent corporate net income tax, the four cent a pack levy on cigarettes, the penny a bottle soft drinks tax, post-ponement of and manufacturers' exemption from the five-mill capital stock tax for another two years.

REORGANIZATION BILL FACES SENATE BATTLE

(Continued from Page One)

mer President Herbert Hoover, head of the commission set up to streamline the government, have warned that if too much attention is given the "pets" the program might as well be junked.

Hoover told congress not to be swayed by "propaganda" drives of individual federal agencies in testifying before the senate expenditures committee considering the reorganization measure. Hearings will be resumed before the committee tomorrow in a speed-up plan.

Beat Down Attempt
The administration beat down an attempt in the house to exempt the army engineers but the chamber ignored the pleas of Hoover and Mr. Truman and added three agencies to the list of those that could be reorganized only in "special packages". This increased the number to seven.

COMMITTEE OF HOUSE VOTES FOR BIGGER AIR FORCE

(Continued from Page One)

to continue toward 70 combat groups with its goal to be reached by the end of 1954.

The 800 million dollars will be in addition to the approximately four billion 700 million dollars allocated for the air force by President Truman for the fiscal year beginning July 1.

The air force, now consisting of 59 air groups, was directed by the president to reduce its strength to 48 groups by next June 30, in the interest of economy.

The new legislation, sponsored by Vinson, states that the intent of congress is to provide an army and an air force capable, with the navy, of "overcoming any nations responsible for aggressive acts imperiling the peace and security of the United States".

Vinson obtained from Air Secretary Symington and Maj. Gen. John E. Dahlquist, army chief of personnel, a promise that they will support the measure when it goes before the senate.

No date has been set by the leadership for house consideration of the measure.

PROSECUTOR IN TRIAL APPEALS FROM VERDICT

(Continued from Page One)

tired but in full emotional control of himself, took the witness box briefly after his attorney, Kalman Kieko, voiced objections to the verdict.

"Mitigating Circumstance"

Court President Olti, explaining the prison sentence, stated that the court had considered as a mitigating circumstance the fact that the prelate had "confessed his guilt and regretted his former actions."

During the three-day trial last week, Cardinal Mindszenty admitted "guilt in principle" to some of the charges, but challenged the overall treason indictment.

Olti added that another factor in the cardinal's favor was that he had lived "a life far removed from real life . . . and had been under the influence of war propaganda."

Remain In Detention

The court, after a brief recess, ruled that all seven defendants are to remain in detention until a final decision is reached by the higher court.

Olti was required to repeat and shout many sections of his speech for the benefit of Defendant Laszlo Toth who is deaf.

(Washington sources predicted that the life term imposed on the cardinal will bring the American government's condemnation down in full force on the Soviet-satellite Budapest regime.)

Under Hungarian law, the defendants may appeal to the court for reduced sentences within three days. The judges must render a decision on the appeal within a week.

Can Make Appeal

The defendants can also appeal to Hungarian President Arpad Azakasis for clemency, but the court has the power to withhold the plea if they feel it is unjustified.

The sentence imposed upon Cardinal Mindszenty was the second most severe possible. The government prosecutor had asked for the "harshest punishment"—death on the gallows. Minimum sentence for treason is a five-year prison term.

A jam-packed court-room listened tensely as Olti began reading the verdicts.

He did not refer to the cardinal by his title, but said merely: "The people's court of Budapest pronounced in the case of Josef Mindszenty and his accomplices its verdict in the name of the Hungarian government."

Ten uniformed policemen and 12 detectives were posted inside the court-room when the prison warden brought in the cardinal and the other six men. All of the defendants, though appearing exhausted from their trial and imprisonment, showed no sign of emotion and remained calm throughout the reading of the sentences.

CONDEMN TRIAL AND SENTENCE OF CARDINAL

(Continued from Page One)

Paul G. Hoffman told congress that the Marshall Plan had prevented similar "tragic events" in other European countries.

The 171 Republican members of the house instructed the minority leader, Rep. Martin of Massachusetts, to appoint a three-member committee to draw up a formal resolution of protest against the Hungarian action.

Rep. Hale of Maine asked the Republicans to go on record as officially condemning the trial and the sentence passed upon the Roman Catholic primate of Hungary.

Hoffman opened his testimony on Marshall Plan funds by citing the tragedy of the Mindszenty case.

JOINT MOVE OF U. S. AND BRITAIN IS POSSIBILITY

speaking on behalf of the Catholic Hierarchy in Great Britain, termed the sentence "vindictive."

In a statement approved by the all-Britain Cardinal Griffin, Dr. Downey said:

"This is meant as a warning to all who are not 'yes men'. The travesty of justice has been played out."

"One thing is certain. The Cardinal never again will be allowed to tell what happened to him in prison before the trial."

Sir Patrick Hannon, British member of Parliament declared:

"This is part of the savage attack by Communist forces in eastern Europe on the Christian church."

In the judgment of recent people the world over it will be condemned.

"The Christian church will do all its strength enables in the battle against Communism."

2. In either event, what could Norway expect in the way of military supplies now, and assistance later if attacked?

The stern, even threatening attitude of Russia since the North Atlantic pact appears soon to become a reality, is expected to have a great deal of influence, especially in Sweden, which has rejected the Scandinavian pact.

But, if Lange can take back concrete assurances to his government it is believed that Norway, probably Denmark, and possibly Sweden, would agree to go into either a Scandinavian or a North Atlantic alliance.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-normal stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Hoffman's request calls for four billion 280 million dollars for the fiscal year starting July 1; one billion 150 million dollars for the April-May-June cleanup of this year's program, and authority to make forward contracts up to 150 million dollars.

Europe, he said, is now "through the first phase of its recovery program." And he added: "Economic recovery in Europe, or the failure to recover, has implications far beyond the realm of economics . . . if cooperation can succeed in this field, it can succeed in others."

WHEN EXTRAS ARE NEEDED

We are proud of the fact that we can be of use to our brother funeral directors in this community. We know, and everyone else knows, that it is impossible for any one funeral director to keep all lines and styles of funeral goods.

Therefore, we keep a complete stock of all kinds of funeral merchandise, and by supplying the funeral directors, when they need something special, helps us to be able to keep the funeral goods that are not kept ordinarily in any funeral home.

By so doing, we still help those who need a funeral director, to select whoever they prefer, and still be able to purchase the funeral goods that they prefer, as, if each funeral director had to carry these goods in stock, sooner or later they would become obsolete.

This is where we feel we are of use to the Funeral Director, as well as the Public.

Average Length Of Life of Wage-Earners Now At All-Time High

NEW YORK, N. Y., Feb. 8.—The average length of life among American wage-earners and their families reached an all-time high of 67.16 years in 1948, about one-third of a year higher than in 1947. These figures are based on the experience of the many millions of industrial policyholders of the Metropolitan Life Insurance company. Last year, which set a new low record for mortality, was the fifth in succession to show an improvement.

"The new minimum in 1948 was reached," the Metropolitan's statisticians note, "despite the high incidence of respiratory diseases in the early weeks of the year and the heat spell of late summer, each of which was accompanied by a sharp temporary rise in the number of deaths."

Sharp Drop
Noteworthy in the health record for the year was the continued sharp drop in the mortality from tuberculosis, which fell to 26.5 per 100,000 policyholders, as compared with 30.6 in 1947 and 34.2 in 1946. In addition to tuberculosis, new low death rates were recorded during the year for pneumonia, influenza, diarrhea and enteritis, scarlet fever, diphtheria, whooping cough, appendicitis, syphilis and the diseases of childhood.

Concerning influenza, the statisticians comment that there is, as yet, no indication of the spread of the current European epidemic to this country.

The year 1948 was favorable even as regards the diseases most prevalent in middle and later life, in which increases in mortality have been concentrated in recent years. Cancer alone showed a slight increase in death rate. Diabetes and the diseases of the cardiovascular-renal system as a group registered death rates somewhat lower than in 1947.

The death rate from accidents of all kinds was at an all-time low last year. Suicide and homicide death rates were lower than in 1946 and 1947, but were still higher than during the war years.

even the counties and cities and townships of Pennsylvania want more money by way of taxes to pay the expenses, and it is up to the Congress in the first place; to the state legislatures in the second place and the councils of the big cities in the next place to say: Enough is enough. We have no money to spend." It would not be too drastic to cut the appropriations asked by the president, the governors and the various powers within the nation given the last word in agreeing to the expenditures, by saying emphatically: "We will give you one-third of what you ask for now and it will be on a declining scale in the years to come."

It will be necessary to curtail the bureaus and the personnel of the various bureaus to accomplish this, but it has got to be done.

WASHINGTON CALLING

course, is that the government is taking care of everything over there. Billions are being sent abroad and surely that relieves the individual citizen of any responsibility.

Shall Lose Something
But if it is all left to government, then we shall lose something of infinite value; something that has grown out of American idealism and American character. Expressions like the friendship train to Europe and now, in reciprocity, the thank-you train show how deep is the impulse of the individual to reach across the limitations and formalities of government.

This impulse must be encouraged and not stifled. It was the goal to which Larry Duggan had intended to devote his life. At the time of his death he was working on plans to extend and enlarge the work of the institute.

Larry will be long remembered for what he did and what he stood for. Those who shunned him after he was dead dishonored only themselves. That slur will quickly be forgotten, if indeed it has not already been forgotten. And the job that Larry Duggan started will be carried on.

THE EYE AND THE HEART

The heart is a very important part of the body. When it is working in its proper place, things go along nicely.

However, when it is no longer a part of the body it is not very useful.

When a doctor examines the heart of a patient he takes all the rest of the body into consideration. All of the other parts must be included before he can decide as to the heart's performance.

The eye is an important part of the body. When the eye is examined, it is important that all the other parts of the body should be considered.

No one part of the body can be properly cared for unless the entire body is kept in mind.

An examination of the eye or the ear or the foot requires the service of a doctor of medicine just the same as an examination of the heart.

time and money for the best moral growth and education of our children will go on bringing in rich dividends for years and years after we are gone, and these dividends will never perish.

Isn't it wonderful to grow up with our children and enjoy them and win their affection and esteem?

Children who create for fun don't destroy for pleasure.

Good citizenship or crime begins at the crib.

Enough intelligent parental love can help a child to grow up right or even salvage him should he go wrong.

I would rather have my children truly speak well of me long after I have gone than to have all the plaudits of the rest of mankind.

Consistory Will Have Family Night Party On Friday

Evening Of Entertainment Has Been Arranged By Entertainment Committee

Another bang-up program has been arranged by the entertainment committee of the co-ordinate bodies of the Valley of New Castle Consistory, A. A. S. R., for Friday evening, Commander-in-Chief C. Merle Ralsley announced today.

There will be a program of picture shorts, starting at 6:30 o'clock, as the crowd is assembling, followed by a stage show starting at eight o'clock, after which there will be dancing in the ballroom with a feature picture for those not interested in the terpsichorean art.

If a person knows seven languages he can be understood in any good sized town in the world. Ten will be enough in all but the remotest villages. The great world languages are English, Spanish, Chinese, Russian, Hindustani, French and Arabic.

Bill Proposes To Prevent Landlord Strikes In State

HARRISBURG, Feb. 8.—(INS)—Landlord strikes such as those reported in several midwest cities would be forestalled by legislation before the General Assembly today.

Two bills introduced in the House proposed fines and prison terms for landlords convicted of conspiracy in mass evictions of tenants for the purpose of withdrawing rental dwellings from the market.

The measures were the direct offshoot of demonstrations by groups of landlords in midwest areas protesting rent controls.

One bill, sponsored by Rep. George D. Stuart (R, Allegheny), proposed a fine of \$500 and six months in jail for landlords convicted of conspiracy against tenants. The other, introduced by Rep. David H. Weiss (D, Westmoreland), called for fines of \$1,000 and 90 days in jail.

Rep. Paige Varner (R, Clarion), introduced a measure to prohibit landlords from refusing to rent dwellings to families with minor children. The bill proposed a \$200

fine and 60 days in jail for property owners found guilty of discrimination against children in renting homes.

Malformation Of Baby's Heart Puzzles

BROWNSVILLE, Pa., Feb. 8.—(INS)—A tiny seven-month-old baby, whose heart malformation has puzzled doctors, was in a home-made, oxygen tent today while her parents maintained a night and day, seven-day-a-week vigil.

At their home in nearby Millsboro, Ray Bailey and his wife, Dolly, were certain that "faith and their hands" would pull the infant, Kerry, through, even though doctors haven't given them much hope.

Since she was two months old, doctors have been unable to determine the baby's ailment. Specialists at the John Hopkins Hospital in Baltimore sent the child home Monday because they can do no more than give her oxygen.

The Baileys share the night and day shift, watching the gauge on the oxygen tank.

Ancient Romans used much incense, offering it daily in private to family gods and in public sacrifices sprinkled it on the heads of victims.

Stillwagon Named Head Of Credit Union At Pottery

Robert Stillwagon was elected president of the Shenango Pottery Employees Federal Credit Union at the annual meeting in the Cathedral Saturday night.

Mr. Stillwagon's election came at the meeting of the directors of the organization. The directors in turn had been elected by the membership. The following directors were re-elected: Robert Stillwagon, Alfred H. Mellor, Robert McKibben and Paul Gilbert. Clara Kaufman and Delbert I. Fletcher were re-elected to the Credit committee, and the following were re-elected to the Supervising committee: William Morgan, Richard Morgan and Francis Cwynar.

Upon recommendation of Treasurer Edward O. Feass, a dividend of four per cent on savings was declared.

Other officers named in addition to President Stillwagon were Alfred H. Mellor, vice president; Edward O. Feass, treasurer; Robert McKibben, assistant treasurer, and Paul Gilbert, chairman of the Educational committee.

A lunch and dance followed the meeting. About 250 were in attendance.

New Street Will Be Ordained

Improvements Director James Gibson Monday introduced in council, at a meeting in city hall, a bill, which when adopted, will have ordained Industrial street, between Mahoning avenue and Power street.

The bill is pursuant to future planning, so that land, owned by the GNCA, will be available for industrial purposes.

The measure establishes the street with a 40-foot cartway.

When adopted the ordinance will make it possible to grant deeds to any purchasers of land, according to Director Gibson.

The street follows the B. & O. R. R. right-of-way and properties of the Power company, American Can, New Castle Refractories and Bossert (Detroit Axle) companies.

Supervise Drawings For Tennis Games

NEW YORK, Feb. 8.—(INS)—United Nations Secretary General Trygve Lie will supervise drawings today for the 1949 Davis Cup challenge rounds.

Walter Merrill Hall, U. S. Lawn Tennis Association chairman, announced the pairings will be made at the U. N.'s Manhattan building.

Twenty-seven nations have challenged for the cup, now held by the United States.

Australia, Canada, Cuba and Mexico will compete in the North American Zone qualifier.

Other competitors are Argentina, Austria, Belgium, Chile, Czechoslovakia, Denmark, France, Britain, Greece, Hungary, Ireland, Israel, Italy, Luxembourg, The Netherlands, Norway, Portugal, South Africa, Sweden, Switzerland, Turkey and Yugoslavia.

Boy Scouts Attempt To Stop Jay-Walking

Bring Numerous Offenders Before
Boy Scout Mayor On Monday Afternoon

Boy Scouts "arrested" several dozen persons, elderly, middle-aged and young, Monday afternoon on a "charge" of jay-walking in business streets.

They were taken before "Mayor John Brinton, Jr.," who read the charge, heard the testimony of the "traffic officer," then imposed sentences.

The sentences consisted of an admonition not to repeat the offense, after which the jay-walker was given a tag to wear, reading: "Don't Be a Donkey for Jay-Walking."

On the opposite side of the tag read: "Adventure in Citizenship—39th Anniversary Week—Boy Scouts—City of New Castle."

While the attempt of Boy Scouts to prevent jay-walking was performed in a spirit of a lark, it nevertheless showed there's plenty of it here, and their action yesterday may tend to help prevent jay-walking in the future.

Pedestrians should cross intersections only when they have the green light, and should not cross streets "in the middle of the block."

PLAN TO SUSPEND

PITTSBURGH, Feb. 8.—(INS)—Editor Anson B. Campbell said today "only a miracle" can save the Bulletin-Index, Pittsburgh's oldest weekly news magazine.

The publishers claim they will suspend publication of the 73-year-old B-I after the February 12 issue. They said losses were as high as \$1,000 a month during the past six months. Campbell said, however, if the magazine could get seven additional pages of advertising, "we can continue publication."

Charges Ouster Made To Prevent Accurate Reports

VIENNA, Feb. 8.—(INS)—An American legation official expelled from Hungary last week has charged that his ouster was aimed at preventing accurate reporting of the trial of Josef Cardinal Mindszenty.
The official, Stephen Koczak, Hungarian-speaking second secretary of the U. S. legation in Budapest, was ordered out of the country on 48 hours notice without explanation.

Reserve Officers To Meet Thursday

Plans For National Security Week Will Be Developed At Meeting

Plans for National Security Week will be completed during the February meeting of the Lawrence County Chapter of the Reserve Officers Association Thursday evening, the 10th. The meeting will be held in the chapter's club rooms at 12 E. Washington street at 8 p. m.
Herman W. Green, president of the local chapter, has announced that James B. Foster, Jr., is general chairman for the chapter's St. Patrick's dance which will be held at the New Castle Country Club on Saturday, March 19.

This is an important meeting and all members are urged to attend. All former Army, Navy and Marine officers are invited to attend, whether they are members of the reserves or not.

New Income Needed For Highway Work

Cutback In Highway Construction Will Be Necessary Unless New Revenue Is Found

HARRISBURG.—A cut-back in highway construction to the current income level will result in a decline from the \$103,000,000 construction expenditure in 1948 to \$74,000,000 in 1949, officials of the State Highway department reported today.

The difference between the two sums represents the exhaustion in 1948 of funds accumulated during the war period when construction was at a virtual standstill and a return in 1949 to current income levels.

The highway officials also pointed out that skyrocketing costs in relation to pre-war costs further reduce the quantities of materials that can be purchased and the mileage of highway that can be built in 1949.

The highway officials also point construction and bituminous concrete industries, their representatives have been informed, will be a cut-back in business volume from the State Highway department of one-half during 1949 in comparison with 1948.

Secretary of Highways Ray F. Smock described the current highway policy as the greatest ever presented to Pennsylvania's motorists. "With its emphasis on modernization of existing highways, construction of new roads, removal of bottlenecks in centers of congestion and expansion of farm-to-market roads it is fair, impartial and well balanced," Smock said.

"Within the framework of this policy, the first two years of this administration has brought 3,500 miles of improved roads. Expenditures have been \$171,000,000 during the two years. No other state, no other nation except the United States ever in history carried out as large a program."

He promised that the present basic policy would be rigidly adhered to during the forthcoming two years, although on reduced over all scale unless new income was made available.

REMODEL GARAGE

Mrs. Frank Palumbo today received a permit to remodel a frame garage at 227 Pearson street, at an estimated cost of \$50. Construction, which includes, new buildings and residences, and also remodeling, cost \$60,750, during January.

NORWEGIAN FOREIGN MINISTER TALKS TO ACHESON

LARGEST LITTLE BIG TOP IN WORLD

Personable Ernie Palmquist shows one of the features of his circus, the largest little big top in the world, to children of the Hickory Heights school who viewed the circus on Monday afternoon.

Popcorn! Peanuts! Cracker-Jack! A prize in each and every pack! That cry coupled with the smell of sawdust, the trumpeting of elephants, cries of wild animals and the blare of circus bands is certainly unusual for New Castle in February. But the circus is in town and all this week can be seen on the third floor of the New Castle Store.

Known as Ernie's Circus, it is the work of Ernie Palmquist of Titusville, Penna. Thirteen years in the making, it is a miniature circus complete to minute details. From hand carved little figures with full expressions to scale model band wagons with wheels that turn and steer, fully decorated with all the fancy trimmings of the world famous big brothers of the Ernie Circus.

Dates Back To Boy Scout Days
The story of Ernie's Circus dates back to his Boy Scout days when

he began carving for a merit badge. After that he pursued many hobbies, but his first love, carving, filled many a lonely hour as he traveled over the country with an orchestra. As he finished carving or constructing an article for his circus, he would send it home to his wife to put among the others which were set up in the basement of his home.

Now that we have mentioned Ernie's wife, it is necessary to tell of her important part in the making of this most unusual circus. The art work or paintings, the uniforms of the 25-piece band under the Big Top, the tents and costumes are her handiwork. And on top of all this, she has to put up with Ernie being away when his Circus is on the road.

Cost Around \$8,000
Among the facts and figures of interest about the circus are: total

cost was \$8,000, insured for \$25,000. There are 25,000 pieces, and 3,045 persons saw it on Monday here in New Castle. Among the persons to see the Big Top were half the students of Hickory Heights grade school with the other half planning to see it this afternoon.

Three rings and two stages with acts such as Clyde Beatty, James Wong's jugglers and Fred Braden's Palomino horses are featured under the main tent. In one place a small boy tries to get under the tent, but a cop stands beside him. Behind one of the tents, a roustabout reads an exact copy of a New York daily, a paper that cost \$25 to print one edition. There are hundreds of fine details that one can only appreciate by seeing but one of the nice things about the show is that this circus can be seen without charge.

Scant Bodices To Feature Attire For Spring Wear

Designer Plans Spring Dresses With Bodices As Woolly And Scanty As Bathing Suits

NEW YORK — (INS) — Women will wear spring dresses with bodices as woolly and scanty as bathing suits, if high-style designer Nettie Rosenstein has her say.

Miss Rosenstein showed her collection for visitors to the New York Dress Institute's semi-annual press preview.

She featured full-length capes, slim-hipped skirts, and torsos with either thin straps or no straps at all over the shoulders.

Most distinctive in the dozens of ensembles were wool-knit frocks, some of them jacketed, some strictly classic in style.

A navy blue hand-loomed knit dress was plain skirted, but its bodice was a strapless, formfitting white and navy stripe. For wear at either sports or dress occasions,

the dress was topped with a snug fitting cardigan jacket in navy.

Knitwear for Formal

Miss Rosenstein converted knitwear to the strictly formal field when she designed a lilac dress cut in a low V at the neck and a high cape sleeve at the shoulder. A bouquet of artificial violets was tucked into a lilac suede belt at the waist.

The designer's printed silk dresses were predominately simple, with fullness either in front or back of the skirts. The print fabrics themselves generally featured shadings of a basic color—several hues of blue spotted together; greens fused into a mottled whole; pure yellows combined with blues and greens with strong tints of yellow in them.

Despite a trend away from fullness at the hemline, the designer's

dresses had flared and gored skirts that had a swing when the wearer walked. They were slim over the hips and snug, but not pinched-in, at the waists.

NATION'S YOUNGEST RADIO OPERATOR IS TEN YEARS OF AGE

PHILADELPHIA, Feb. 8.—(INS)—Title of the nation's youngest radio operator belongs to Jane Bieberman, 10, of Station W30V, CYNWYD.

Jan learned the technique from her father, Jesse Bieberman, a math teacher who makes amateur radio his hobby.

When she was six, Jane could copy code signals at the rate of five words a minute. Recently she passed a Federal Communications Commission test and received a "B" amateur license.

She operates her own 25-watt station and contacts points as far

north as Canada and as far west as Wisconsin. She's on the air about three evenings a week.

Jane has a younger sister, Alice, seven, who already is studying code.

Marine Grandson
Arrives From China

Pfc. Covert Tindall Was Stationed At Tientsin; Wife And Child Leave China February 14

Pfc. Covert E. Tindall, of the U. S. Marine Corps, accompanied by his father, Covert S. Tindall and daughter and son-in-law, Mr. and Mrs. Lewis Romberg of New Brighton, and Mr. and Mrs. Donald Tindall and daughter Linda, visited on Sunday, with the former's grandmother, Mrs. M. M. Tindall and family, of Willow Grove.

Pfc. Tindall arrived Friday evening by plane from Tientsin, China, where he was stationed with U. S. troops. He first landed in Honolulu, where he remained a few days, then continued by plane to the west coast.

He is on furlough for 40 days, and at the conclusion of that time, will go to Camp Lejeune, N. C., and expects to receive his discharge from the service, in September.

Pfc. Tindall was to have returned to the U. S. on January 17, but was delayed until last week, on account of the Chinese civil war. His wife and child were delayed from leaving China, on account of the non-arrival of the necessary papers for clearance. It is now expected that they will leave China by plane, about February 14. This is the first the Tindalls have seen Pfc. Tindall for three years.

1937 Club Enjoys

Valentine Party

At St. Margaret's hall, North Liberty street, members of the 1937 Club assembled on Monday, with about 90 present, and enjoyed a Valentine party.

Mrs. Catherine Ross was chair-lady; Mrs. Cecelia Perrotta, co-chairlady; aides were Mrs. Catherine West, Mrs. Margaret Masters, Mrs. Theresa DiPiero, Mrs. Anna Masters.

A large Valentine box, beautifully decorated, was set up, from which lovely hankies were handed to the members.

Tables were arranged in V shape, and decorated Valentine motif, each member receiving a favor.

Family Gathers To
Honor Anniversary

At the home of Mr. and Mrs. James Leone of West Cherry street, a group of relatives gathered on Sunday, February 6. The occasion was a surprise to the family, to honor the birthday anniversary of Mr. Leone.

A four course dinner was served at one o'clock, by the hostess, with places laid for 39 persons. Assisting in serving were her daughters Mary and Clara Leone, and niece Viola Conti.

The table was nicely decorated with flowers, and a lovely birthday cake graced the table, with super-scription, "Happy Birthday Dad."

The afternoon and evening were spent in reminiscing and dancing, with music being furnished by a son, Carl Leone. Out of town guests were Mr. and Mrs. Anthony Celio, of Conway; Augustus LaMarca and Eugene Conti of Detroit, Mich.

A splendid array of gifts were presented to the honored guest, also a purse of money.

SEVENTH WARD PERSONALS

On Wednesday evening at 7 o'clock, the Christopher Columbus society auxiliary will assemble in Columbus hall, South Liberty street. Matters of importance will be discussed. Mrs. Mary Iovanello, president.

Mrs. Ernest Wallover of Pearson street, will entertain members of the Thursday Club, in her home, on February 10. In account of last meeting, the name of Mrs. Lloyd Green, as assistant to the hostess, was omitted.

Gerald Vatter of Detroit, Mich., has returned, after concluding a visit with his parents, Mr. and Mrs. Reinhardt Vatter, of 312 West Madison avenue.

Mrs. M. M. Tindall, daughter Mrs. Minnie Wigley and sons, Mifflin and Larry, and former's son Ernest and his son Gerald of Willow Grove, and Mrs. Blanche Hawk of Edgewood avenue, have returned from Greenville, where they visited with Mr. and Mrs. Frank P. Kemp.

Penna BO lodge will meet Wednesday afternoon, at 2:30, in the green room of Y.W.C.A.

Mrs. John Carr of Bessemer was a recent visitor at the home of Mr. and Mrs. Andy Masters and family, of South Wayne avenue.

War-Time Spy Is
Now Being Hunted

Said To Have Given Nazis Top Secrets Of Conferences At Cairo And Teheran

FRANKFURT, Feb. 8.—(INS)—Intelligence agents are combing Europe today searching for an unimpressive little man who gave the Nazis their biggest wartime espionage haul—top secrets of the Cairo and Teheran conferences.

The object of the search is a small, hard-featured man known only as "Cicero." He is believed to be of Albanian nationality.

At the Cairo conference in November, 1943, President Roosevelt, British Prime Minister Winston Churchill and Generalissimo Chiang Kai-Shek made plans for the war against Japan.

A few days later, at Teheran, Soviet Premier Stalin met with Roosevelt and Churchill to discuss plans for the invasion of France and the defeat of Germany.

The highly-important transcripts of the meetings, along with British plans for the Near East and foreign office orders and codes, reportedly

from the residence of the British ambassador in Turkey by "Cicero" who then is said to have sold the secrets to the Nazis for approximately \$250,000 after the Russians had made a lower bid.

Third Sex Crime
Being Investigated
In Allegheny Co.

PITTSBURGH, Feb. 8.—(INS)—Allegheny County detectives today went to work on the district's third sex crime in nearby East Carnegie where a man assaulted the ten-year-old daughter of an East Carnegie tavern owner.

The girl said her assailant forced her into the woods after threatening her with a knife. The attack occurred as she was on her way home Monday from St. Phillips parochial school in Crafton, Pa.

She described the man as being 20 to 25 years old, blond hair and light eyes. She claimed he was of medium build, wore blue dress trousers, a reddish brown cloth jacket and a blue cap.

Police think there may be a connection between the girl's assailant and the sex fiend who raped and fatally beat 15-year-old Margie Bankowski, then left her body on a slag heap near Aliquippa last Friday.

Previously 12-year-old Carole Lee Keninger had been stabbed to death in her home in Pittsburgh last Dec. 10.

TWO FACE TRIAL
IN CANCER CLINIC

PITTSBURGH, Feb. 8.—(INS)—Philip Drosnes and Lillian Lazenby must go on trial sometime next week on a charge of practicing medicine without a license before there can be a hearing on a charter license for the Drosnes-Lazenby Cancer Clinic.

The charter hearing was postponed Monday until March 17 by special master Charles B. Jarrett who was appointed to handle the hearing.

The couple has been free on \$1,000 bond since being indicted for treating cancer victims in the basement of a Pittsburgh church. Drosnes said the present clinic, which is directed by Dr. Paul A. Jurray, is treating about 60 persons who have had a medical diagnosis of cancer.

Of the 115,000,000 miles of telephone wire in the United States, 65 per cent is in underground cable.

Foremen's Club Hears
Referee Jack McFee

Big Ten Referee Is Speaker At Monthly Meeting At Country Club

Football was the motif of the monthly meeting of the United Engineering Foremen's club at the New Castle Country club.

Jack McFee, well known football referee of the Big Ten, was the speaker and his humorous reminiscences of his work kept the crowd laughing for nearly an hour. Mr. McFee was voted the "out-

standing sports personality" in Youngstown for 1948 and was the winner of the Henderson trophy. In addition to his talk he showed pictures of some Big Ten games.

Sidney J. Turner, president of the club, presided at the meeting and asked Frank Strizzi to introduce the speaker. Mr. Strizzi has been named program chairman of the club to succeed Stan Daniels.

who goes to the Canton, O., plant of United. Mr. Daniels was presented with a wallet as a testimonial of his fellow club members. Leonard Smith made the presentation.

Perry March was named secretary-treasurer of the club, succeeding Tom Cox, whose duties

make it impossible for him to devote time to outside affairs. George Morrison, the "poet laureate" of the United, produced a humorous poem for the meeting, which as usual, drew a lot of laughs.

Interest Shown In
Leesburg Meetings

Interest is increasing daily in the revival series now in progress at the Drake Tabernacle of the Christian and Missionary Alliance, near Leesburg, it has been reported by the pastor, Harry A. Polding.

Rev. John Minder, director of the Lake Swan Bible Confer-

ence, Melrose, Fla., is presenting a series of illustrated evangelistic sermons each night at 7:30 o'clock. A series of afternoon meetings at 1:30 o'clock began on Monday and will continue throughout the week. The services terminate on Sunday, Feb. 13.

The word "furlong" originally meant a "furrow long"—the length of the usual acre strip in the medieval manorial system.

Corn sugars are made for food processors, leather tanners, rayon producers, caramel color burners, and bakers.

Rotarians Have Club Discussion

Value Of Rotary Magazine
Is Discussed At Meet-
ing Monday

DeLACE COLE IS
PROGRAM LEADER

Under the chairmanship of De-
Lace Cole, New Castle Rotarians,
were reminded of the valuable ar-
ticles contained in their club maga-
zine, and also that the month of
February marks the 44th anniver-
sary of the founding of Rotary.

Although the four men who
founded Rotary in 1905 have passed
on, he pointed out that Rotary
now numbers 6,700 clubs, with a
membership of 327,000 men in 80
countries.

Various articles in the February
issue were reviewed by Robert A.
Eckles, and Don Scoville, and re-
marks on the discussion they
evoked were made by a number
of the members.

Boy Scout Display
In City Library Case

The exhibit case in the Public
Library's main hall proudly car-
ries a display of Boy Scout mate-
rials arranged by John D. Lawson
in observance of Boy Scout Week,
February 12. Mr. Lawson is
executive for Lawrence county with
headquarters in the Greer building.

The exhibit consists of several
handsome posters, manuals on
scouting for exploring air scout,
den chief, den mother, and cub
scout. The current poster by Law-
rence Wilbur, is gay in color and
lively in action. Two other posters
are by Norman Rockwell.

The whole exhibit has a background of
red, white and blue hunting.
A few merit badge pamphlets,
of which the library has a good sup-
ply for circulation, are included in
the display. These cover a variety
of subjects such as leather work,
canoeing, pathfinding and wood
carving, bookbinding, etc.

The librarian is the official ex-
aminer for the reading and book-
binding badges.

Plan To Seek Liberation Of Czechs From Reds

WASHINGTON, Feb. 8.—(INS)—

A former deputy prime minister of
Czechoslovakia announced forma-
tion today of an organization rep-
resenting 18,000 Czech exiles to
seek liberation of their homeland
from the Communists.

Dr. Peter Zenkl, the ex-Czech of-
ficial and a former mayor of
Prague, said that preliminary
meetings in Washington of a
Czechoslovak National committee
are expected to start in two days.

He said that the major objective
of the committee will be to form
a rallying point for Czech refugees
in the United States, Great Brit-
ain and France.

Second Report Made
In Shenango Y Drive

Captains and workers of the
Shenango St. YMCA membership
drive heard their second report of
progress Sunday afternoon at the
Branch.

A satisfactory financial report
was made and it was the consensus
of opinion of those present that the
drive could be successfully com-
pleted by the end of February.

The committee found that em-
phasis during the drive had been
placed on new members and ad-
vised that renewal of current mem-
berships would be a major factor
toward reaching the goal. The
workers present agreed to review
all of their old cards.

For the second consecutive week
Captain Harry Carter turned in
the biggest report.

All captains and workers are
urged to attend the next report
meeting Sunday, February 13, at
4 p. m.

Ministers Hear Pittsburgh Pastor

Plan For Traditional Good Friday
Services In City; Will Spon-
sor Religion Film

First Presbyterian church, North
Jefferson street, was the scene of
the regular meeting of the New
Castle Ministerial Association on
Monday with the ministers listen-
ing to a scholarly address on the
subject of race relations, given by
Rev. S. Amos Bracheen, pastor of
Shiloh Baptist church in Pitts-
burgh who spoke on "A New Love."

The visiting speaker based his
remarks on 1 Corinthians 13 ask-
ing that a better understanding
of his race be effected and that the
only means it could be done would
be a display of Christian love. The
speaker was accompanied by one of
his church members, S. L. Spears.
Both men were introduced by Rev.
J. L. McFarland, chairman of the
program committee.

In charge of the Monday session
was Rev. Owen Shields, president,
who introduced Rev. J. Calvin Rose,
and Rev. Howard Redmond, devo-
tional leaders. Rev. Michael Ru-
synyk, pastor of Holy Trinity Rus-
sian Orthodox church was pre-
sented as a visitor.

World Day of Prayer

Mrs. Norman Zeigler invited the
churches to cooperate in the World
Day of Prayer to take place on
March 4 in First Christian church
with Rev. James A. Gaiser as
speaker. The association plans to
cooperate in the sponsorship of
"The God of Creation" a film put
out by Moody Bible Institute and
to be shown at First Methodist
church on Wednesday, February 23,
at 7:45 p. m.

In connection with World Broth-
erhood Week, the pastors will co-
operate with a service to take place
in Central Presbyterian church on
Friday, March 11. A ministers'
wives banquet will take place on
February 14 at First U.P. church.
The association will also partici-
pate in the Lawrence County Sab-
bath School Association dinner to
take place in the Highland U.P.
church on February 17.

Plans have been completed for
the annual Good Friday services to
take place in the city on Friday,
April 15. Services will be held in
downtown city, South Side and Sev-
enth Ward area. Holy week noon
services are planned in First Meth-
odist church with various pastors to
be heard.

Arbitration Panel
In State Presented

HARRISBURG, Feb. 8.—(INS)—
The appointment of a 12-member
arbitration panel from recommen-
dations submitted by the Labor-
Management Advisory committee
was announced today by Gov.
James H. Duff.

The panel is charged, under an
act of the 1947 legislature, with
arbitrating labor disputes after
other methods fail. Appointed
were:

Former State Revenue Secre-
tary J. Griffith Boardman, of Phila-
delphia; Prof. Glen U. Cleetson,
of Pittsburgh, of the Carnegie In-
stitute of Technology; G. Allen
Dash, Jr., of Philadelphia, former
member of the National War Labor
board and now a professional arbi-
trator; E. O. Olden, of Kittanning,
attorney and impartial chairman
of the board to settle disputes be-
tween the UMWA and the Central
Pennsylvania Coal Producers as-
sociation.

J. Orvis Keller, of State College,
assistant to the president of Penn-
sylvania State college; Thomas A.
Larkin, of Hazleton, impartial
chairman of the board to settle
disputes between the UMWA and
anthracite operators; William N.
Loucks, department of economics
chairman of the Wharton school at
the University of Pennsylvania;
retired associate justice of the U.
S. supreme court Owen J. Roberts,
of Philadelphia; William E. Sim-
kin, of Philadelphia, a member of
the National War Labor board;
James M. Skinner, retired Phila-
delphia industrialist; John Thom-
as, Jr., of Johnstown, former Cam-
ber county commissioner; and
Thomas E. Whitten, Wilkesburg
councilman and attorney.

Union leaders meeting in Pitts-
burgh decided to name a commit-
tee to contact congressmen from
affected districts.

Robert L. Walkinshaw, Pitts-
burgh, chairman of the union's
Pennsylvania railroad negotiating
committee, said:

"The carriers are laying off men
to call them back when the 40-
hour week goes into effect."

The union members now work
a 48-hour week. They are seeking
a 40-hour week with 48-hour pay.
The union represents non-operat-
ing employees.

The Pennsylvania railroad an-
nounced last week that it was lay-
ing off 2,500 men.

Ask For Probe Of
Railroad Layoffs

PITTSBURGH, Feb. 8.—(INS)—
The CIO United Railroad Workers
of America asked a Congressional
investigation of recent railroad
layoffs.

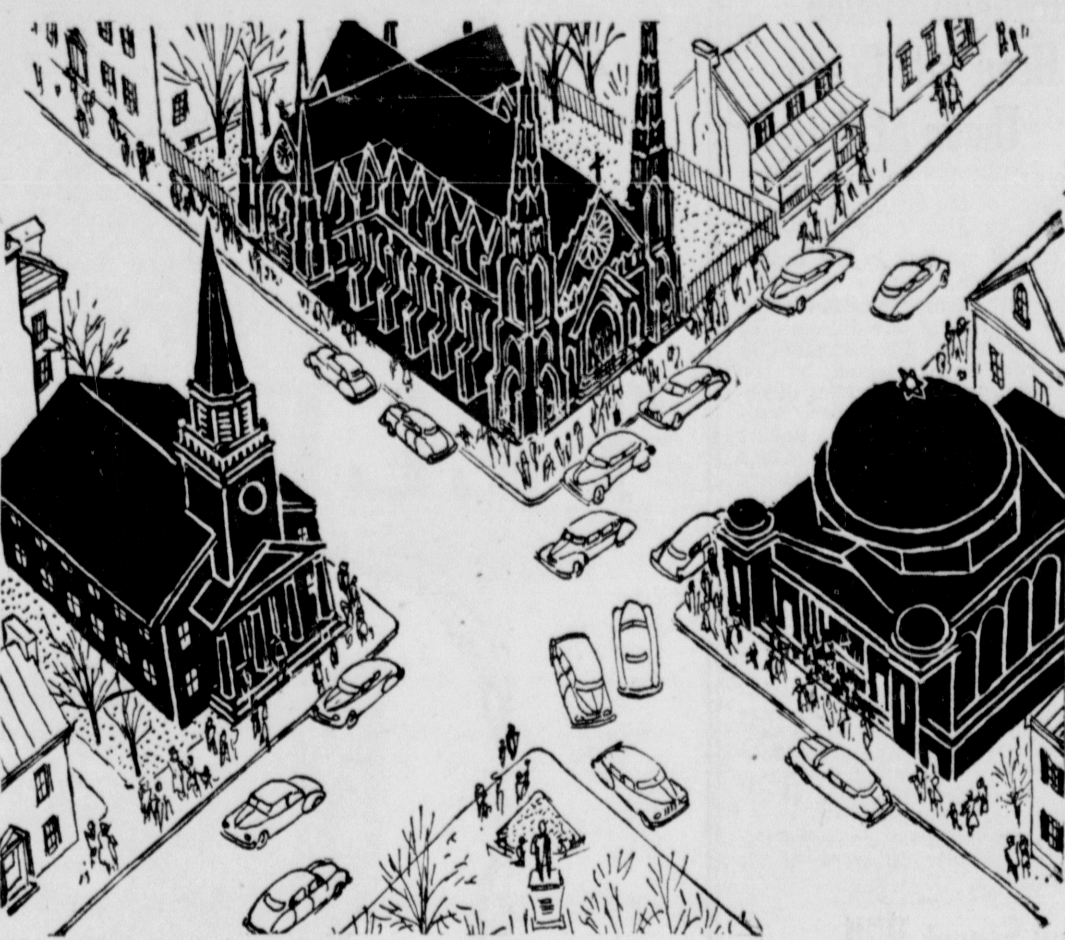

Union leaders meeting in Pitts-
burgh decided to name a commit-
tee to contact congressmen from
affected districts.

Robert L. Walkinshaw, Pitts-
burgh, chairman of the union's
Pennsylvania railroad negotiating
committee, said:

"The carriers are laying off men
to call them back when the 40-
hour week goes into effect."

The union members now work

THIS IS AMERICA

This is freedom—many religions, many
races, living in harmony together. For
freedom is more than a way of life. It is
a state of spirit—and our richest asset.

Under freedom of religion, Ameri-
cans attend more churches than any
other nation. Under freedom of speech,
we have more newspapers, more radio
stations than any country in the world.
Under freedom of opportunity, our chil-
dren attend more schools, have more
chances to succeed in life.

We are only 7% of the world's people,
living on 6% of the world's land. Yet
we in America have the highest stand-

ard of living the world has ever known.

Under freedom of enterprise—you
may call it Democracy, or Capitalism—
we make just about one-third of the
world's goods, mostly for our own use.
We drive three-fourths of the world's
autos, use about half the world's elec-
tricity. Our homes are unrivaled for
comfort and labor-saving devices. We
eat more meat, buy more clothes, see
more shows, own more insurance. We
even save more money.

Yes, freedom pays—in the coin of
tolerance and understanding, and in the
coin of progress and prosperity.

Urges Campaign Against Heart Disease In State

HARRISBURG, Feb. 8.—(INS)—
A united campaign by health and
welfare agencies against heart dis-
ease was urged today by Gov.
James H. Duff.

"Public attention should be fo-
cused on the medical, social and
economic aspects of this primary
health problem if we are adequa-
tely to meet its challenge," the gov-

ernor declared in a statement
calling for observance of National
Heart Week beginning February
14.

He pointed out that the common-
wealth was operating 13 clinics to
treat rheumatic fever among chil-
dren which often is a forerunner of
heart disease.

In 1947, the last recorded year,
more than 38,000 Pennsylvanians
died of heart disease, Duff said.

Many Proposals Before State Legislature Would Impose New Regulations

HARRISBURG, Feb. 8.—(INS)—There'll be some changes made in the average citizen's way of life if 258 general assemblymen have their way.

A survey of the 437 bills before the legislature—170 in the Senate and 267 in the House—revealed more than a third called for further regulation of lives, work and pleasure. More undoubtedly will follow.

Measures ranging from the periodic fumigation of taxicabs to the creation of a Pennsylvania fair employment practices commission held the attention of the 21 standing Senate committees and 32 House study groups.

Liquor bills would include clubs in the license quota, permit television sets in taprooms without licenses, boost the number of rooms in hotels to qualify for hotel retail permits, provide for appeals to the superior court from liquor board refusal to transfer licenses and permit veterans organizations to obtain licenses without some of the usual prior obligations.

Auto Laws
A number of legislators expressed their dissatisfaction with the present laws regulating the operation of automobiles. The first year young people could obtain drivers permits in their own right would be moved up to 18 and as high as 21. Other bills called for drivers' tests every five years, examinations after reportable accidents, and operation of a vehicle without licenses in an accident as legal evidence for damages.

The list of labor regulatory legislation was topped by several bills

proposing the creation of a fair employment practices commission, and both Republicans and Democrats had a hand in sponsorship. Unemployment and workmen's compensation were certain to receive revisions upward, according to committee chairmen of both houses.

Other labor legislation would repeal laws prohibiting pay discrimination because of sex, and repeal an act prohibiting strikes by public employees.

Children Get Attention

Children received considerable early attention from the solons. One bill would provide legal status for children of artificially inseminated wives. Others would create clinics to study juvenile delinquents, prohibit youngsters under 16 from operating motor boats, inaugurate a curfew for children under 16 in amusement places and implement Gov. James H. Duff's plan for an underprivileged children's camp at Indian town Gap military reservation.

Legislators showed keen interest in food Pennsylvanians consume.

A bill to further regulate and impose \$100 fines for violation of pure food laws governing the sale of oysters provided the first lengthy debate in the house and the elimination of the law requiring non-coloration of oleomargarine promised to further split the legislature. Other food bills included measures to regulate the storage of meat, the sale of non-alcoholic drinks, the sale of eggs, and to set up standard enrichment contents of bread.

Other measures would require licenses for practical nurses and chiropractors; regulate lobbyists; plumbing and plumbers, industrial smokes; prohibit income taxing by political subdivisions and wage taxes of workers living outside of their working district; further regulate hunting; and outlaw television in automobiles.

Roosevelt Race, Westbury, N. Y., attracted 1,983,746 customers during the 1948 season, an average of 13,661 fans for each of the 145 nights of harness racing.

THE FAMILY SCRAPBOOK

A Positive Slant on Discipline

When most of us say "discipline" we are really thinking "punishment." Yet, in most cases, the best sort of discipline isn't punishment at all. It's an attempt to find ways of helping a child act so that he enjoys doing the things that he should be doing. That's the positive slant on discipline.

Here's an example that may help develop the idea. Johnny, four, was fascinated by all the interesting things in and on his mother's dressing table. On several occasions he turned things topsy-turvy and was soundly spanked for it. Yet the fascination persisted.

Finally, Johnny's mother tried another tack. She asked him to help her put the various pieces of costume jewelry and other dressing table dood-dads away in small boxes, which she fitted into the drawers. At the same time she let him play with some of the things. Johnny became the Lord High Caretaker of the Dressing Table and, though he always had access to it, never again messed things up as he had earlier.

In similar ways we parents should look for the positive slant on situations calling for discipline. It's not always easy to find, but results are so good that it's well worth going after.

Open Drive To Raise \$3,000,000

NEW YORK, Feb. 8.—(INS)—A three-week nationwide drive to raise \$5,000,000 to combat heart disease was opened Monday by the American Heart association.

The 1949 heart campaign against the nation's No. 1 killer, will continue to February 28.

A. W. Robertson, chairman of the board of the AHA, in announcing the start of the drive last night, said the money will go to heart disease research, public and professional education, and community cardiac services throughout the country.

Former Minnesota Governor Harold E. Stassen, now president of the University of Pennsylvania, has been named national chairman of the campaign.

Try And Stop Me

By BENNETT CERF

This is Sinclair Lewis' story: A gambler at a Las Vegas roulette wheel was very partial to Number Eleven. Unfortunately the little silver ball and Number Eleven did not even strike up a speaking acquaintance during an entire evening, and 2 a. m. found the gambler all alone at the table, low in spirit and finances.

He was about to put all of his remaining chips on Number Eleven again when a flutzy, unearthy voice whispered in his ear, "Put it on Sixteen." The gambler wheeled around. Aside from himself and the yawning croupier, there wasn't a soul in sight. Utterly mystified, but impressed, the gambler shifted his stake to Number Sixteen. It came up! As he was about to rake in his chips, the shrill voice counseled, "Let it ride!"

Number Sixteen came up again! The gambler, jittering with excitement, found himself awaiting that mysterious voice once more. Nor was he disappointed. "Put the whole pile on Twenty-two," it commanded. The gambler obeyed blindly.

The wheel spun. As it slowed down, the silver ball hovered on the very edge of Number Twenty-two, then skittered out into the green Zero.

The flutzy voice cried, "Damnation!"

Photographers And Newsmen Would Be Given Protection

HARRISBURG, Feb. 8.—(INS)—Newsmen and news photographers today had promise of legal protection against assault and battery in their pursuit of news.

Sen. John R. Meade, (R) Philadelphia, sponsored a bill to set maximum penalties of \$2,000 or three years in jail, or both, on persons attacking reporters and photographers.

"The bill is intended to protect newsmen," Meade said, "even to the extent of merely knocking a camera from his hands."

Meade said he was a newsman for many years himself and has "seen uncalled for attacks on newsmen quite often."

A delicious spread for a party is made by mashing avocado to a fine pulp and seasoning with onion or garlic salt, salt and freshly ground pepper. Celery salt may be added, too, if desired.

Congregationalists Have Installation

At the First Congregational church, on Sunday evening, there was an interesting installation, during the Communion service. William B. Francis, Thomas Watkins and Joseph Baskerville were duly installed into the deaconate of the church.

The ceremony was conducted by the pastor, Rev. Thomas J. Jones, the deacons and deaconesses participating in the "Laying On Of Hands."

The installation was witnessed by one of the largest congregations in the history of the church.

France Presents Gift To State

HARRISBURG, Feb. 8.—(INS)—France today had the gratitude of the general assembly for the "40 and 8" gift-laden box car presented to Pennsylvania from the French Mercier train.

The car was accepted on behalf

of the commonwealth yesterday by Gov. James H. Duff in ceremonies at the state capitol.

A resolution adopted unanimously by the house later in the day described the gift as "a beautiful act of friendship extended from one great people to another."

"We extend to the people of France our sincere thanks for their touching gesture..."

WOULD NAME STATE DOG

HARRISBURG, Feb. 8.—(INS)—Pennsylvania has an official state flower, state tree and state bird, but Rep. William H. Milliken (R) Delaware, believes something is missing.

A bill introduced by Milliken in the house today would establish the Great Dane as Pennsylvania's official state dog.

Did you know that 10,000,000 Pennsylvanians enjoy travel on more miles of state highways than the 30,000,000 people in New York, Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland combined. Mileage totals—Pennsylvania 40,983. Ten foregoing states combined 39,607.

Plan To Recruit 7,000 Tax Agents

Government To Attempt To
Recover Billion Lost In
Tax Evasion

EXPECT TO NAB TAX EVADERS

WASHINGTON, Feb. 8.—(INS)—The government today is planning to recruit 7,000 tax agents in an attempt to recover approximately one billion dollars lost annually through income tax evasion.

Internal Revenue Bureau officials estimate that they will need approximately twenty-three million dollars to cover the cost of hiring the new employees. The matter comes up for congressional consideration this week before a House appropriations subcommittee.

The recruitment program is part of a bureau plan designed to increase tax payments to the government and, simultaneously, nab tax evaders.

It was started during the present fiscal year after a joint congressional committee recommended additional annual appropriations to the bureau of sixty million dollars to carry out the job.

During the present year approximately 2,000 new employees will be taken on, and, if congress approves, the bureau will add 7,000 more beginning July 1.

They will be scattered in bureau field offices throughout the nation and, strategically, where the largest revenues are obtained.

President Truman in his budget message made this statement in connection with the bureau's plans:

"The government has an obligation to its taxpayers to undertake complete collection of all the taxes that are legally due to assure equitable treatment to each taxpayer."

"I am confident that the additional expenditures will represent a sound investment."

Bureau officials said that if congress approves they will have reached the half-way mark in the program suggested by the committee.

They figure that for each dollar spent on tax collecting 20 are returned. If this proves true, the additional twenty three millions will result in a return of 460 million dollars.

Improvement Noted In Chicken Business

HARRISBURG.—The chicken business is picking up in Pennsylvania, the State Department of Agriculture reported today.

On top of the largest number of layers in farm flocks ever known in any one month—more than 20,700,000 last December—it was learned through federal-state hatchery surveys that more baby chicks were produced in the state during the last six months of 1948 than for similar periods in 1946 and 1947. The 58,400,000 for the entire year, however, was four per cent under 1947, lowest since 1941.

Feed prices became more favorable during the fall months and demand for broiler chicks increased. Some of the hatcheries that closed during the summer and early fall reopened in December for the 1949 season. Production for the months was 1,530,000 compared with only 750,000 for December, 1947. Eggs in incubators on January 1 and bookings for February delivery indicated continued strong demand for chicks, the federal-state report concluded.

Note Increase In Turkey Production

HARRISBURG.—Turkey growers of Pennsylvania have indicated that they intend to raise 1,441,000 birds this year, the State Department of Agriculture announced today following a survey by the federal-state crop reporting service.

These intentions, if carried out, will mean that Pennsylvania farms will produce within 19,000 of the all-time record of 1,460,000 turkeys raised in 1945.

The 1949 forecast represents an increase of 14 per cent over the 1,264,000 turkeys raised during 1948.

State's Relief Rolls Increase

HARRISBURG Feb. 8.—(INS)—Pennsylvania's relief rolls jumped past the 312,000 mark during the week ended January 29 when 1,084 persons were added to the lists, it was reported today by the state department of public assistance.

The increase 422 below the previous week's and the department said the slowdown "is due to a leveling off process rather than to any improvement in employment."

"Employment conditions throughout the state remain extremely spotty," the DPA reported. "Although a few apparel and textile factories in scattered areas have been recalling employees and stepping up production, a great many other industries are still either laying off workers or cutting working time."

"Very little hiring is being done in industries where employment levels are still high and, in addition, employers in these industries have become selective in their requirements for new workers," the DPA asserted.

Marginal workers, now comprising the bulk of the general assistance load, have few job opportunities, it was added.

\$25,000 Pledged Towards Damages

Commissioners Will Pay Money To State For Damages On New Highway No. 422

OTHER EVENTS IN COURT HOUSE

Lawrence county will pay \$25,000 damages on Highway 422 east of New Castle when it is built.

By resolution, the county commissioners on Monday agreed they would give this sum to the state highway department, which in turn will settle all damage claims.

The money, when paid, will not affect the general fund for county operation or the institution fund. It will come from the liquid fuel tax fund, which represents the one-half cent gallon refund on gasoline, turned back to the county each year.

The new highway will probably be a heavy damage route inasmuch as it cuts directly through a lot of farm land between New Castle and the Butler county line.

If the state accepts the county's contribution, the state will then handle all damage claims, relieving the county of the detail of such work.

Methodist Plan Commitment Week

Grove City District Pastors Hear Paper On Amsterdam World Church Parley Monday

New Castle sub-district ministers of the New Castle area met on Monday afternoon in the Y.M.C.A. for a luncheon, followed by the regular business session conducted by the president, Rev. James A. Gaister.

Plans were made for the annual Commitment Week services to take place in the Methodist churches of the district during the week of February 27 through March 6. A general exchange of pulpits will take place at that time with services to be conducted nightly.

Rev. Owen Shields, announced that the Methodist sub-district youth rally will take place at the Croton Methodist church on Sunday evening, March 20.

At the conclusion of the New Castle sub-district meeting, pastors from the Grove City District joined the local Methodist ministers for the first in a series of four papers on the Book, "Man's Disorder and God's Design", which enumerated the work of the Amsterdam Conference. Rev. J. A. Gaister led the discussion, which was followed by a question and answers period. Rev. Thomas Morris, district superintendent was in charge of the latter session. Rev. L. Petrie conducted a period of devotions.

Christian Science Lecture In April

An explanation of the healing power of Christian Science will be given in New Castle on the evening of April 12. Arrangements for a free public lecture have been made by First Church of Christ, Scientist. It is expected that many from surrounding communities, as well as New Castle residents, will attend.

The lecturer will be Harold Molter, C.S.B., of Chicago, Ill., a member of the Board of Lecturers of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. His subject will be "Christian Science: the Science of God's Abundant Provision."

The lecture will be held in the church auditorium, 334 East Moody avenue.

Schultz, Not Walker, Placed Under Arrest

It was Edward Schultz of Homestead Park, Pa., and not Dale Walker, New Wilmington, who was arrested and pleaded guilty to driving an auto while intoxicated, and being a hit-and-run motorist, at 3:30 a. m. Sunday on new Route 422, several miles west of New Castle. In yesterday's News it was erroneously reported that Walker was arrested.

Schultz allegedly forced Walker's car off the road, and a side-swipe accident occurred. Schultz failed to stop. Walker pursued Schultz, state police were notified and they arrested Schultz.

The plea of guilty was made before Squire H. M. Reynolds of Union township.

Local Symphony Orchestra Plans Spring Premier

Sixty-Piece Symphonic Group Has Held Regular Practices Since October

New Castle is going to have a symphony orchestra. Since the first part of October, 1948, the number of musicians coming to regular weekly rehearsals has increased so that today practice sessions have a well balanced symphony orchestra of more than 60 pieces.

The stimulus for the newly organized group came from the desire of many of the talented local people to combine their talents and efforts to produce pleasure for themselves and good listening for the people of New Castle. Prior to the organization of the symphony, there was no place in New Castle where many trained musicians could play in groups after they had graduated from high school or college. The new orchestra plans to utilize all of those talents developed through use of practice and instruction either private or in the public schools.

Varied Personnel

The personnel of the orchestra consists of several high school students, public school instructors of music, college students, and business and professional men and women of the city.

Governing the orchestra itself is conductor Anthony Casbero, the concertmaster, pianist, manager and the first chair men of each section.

Recently at The Castleton, a lay group of over twenty persons organized a separate organization called the New Castle Symphony Association. The purpose of the second group is to encourage and sustain the New Castle Symphony Orchestra. The association has elected interim officers who will serve as a nominating committee for a permanent board of directors and officers.

Worrell Jones, temporary president of the association, announced today that the symphony orchestra would play a preview concert late in April. Either May 6 or 20, the public premier of the New Castle Symphony Orchestra will be played at The Cathedral.

Senator Neff Makes Maiden Senate Speech

Takes Floor On Measure To Allow State To Bid On Harrisburg Steel Property

HARRISBURG, Feb. 8.—(INS)—The House of Representatives today considered a measure—which resulted in the first party vote in the senate—to allow the state to bid on a Harrisburg property up for auction.

The bill, sponsored by senate majority whip John M. Walker, Allegheny, would permit the commonwealth to bid on an industrial plant and 24 acres, formerly occupied by the Harrisburg Steel Company, in a War Assets Administration sale.

The final senate vote, after an hour's debate, lined Republicans against Democrats, 35-15.

Protests Action

Minority Leader John H. Dent, Westmoreland, protested the state's entry into competition for the property on grounds any steel company wanting the property would be outbid by the state.

"When there is still need for the building," Dent declared, "why destroy it?"

"There is a steel shortage and a demand for space, and the state

should allow the property to be used for what it was constructed," Dent said.

Sen. Samuel G. Neff, (D) Lawrence, in a 10-minute maiden speech, said the property in the hands of industry would employ upwards of 2,800 people.

"It behooves the general assembly of Pennsylvania to compete with business and private industry in a manner which may affect workers unfavorably," Neff declared.

Pre-Lenten Dance Planned By Group

Members of the Altar-Rosary Society of St. Vitus church have planned a pre-lenten dance to be held Monday, February 21, at the Cathedral, for the students of St. Vitus high school.

Chairman of the event is Mrs. Edith Mastrian, and her co-chairman is Mrs. Marie Anastasia.

TO AWAIT COST DROP
BUTLER, Pa., Feb. 8.—(INS)—The high cost of living has another victim today.

Butler Mayor William C. Campbell announced the \$130,000 earmarked for a new swimming pool will be invested "until money is available or construction costs drop."

Mayor Campbell said the lowest bid submitted was more than \$50,000 higher than the money available.

HURT AT NEIGHBORS

Miss Dolores Michaels, 18, of 1011 Agnew street, who suffered burns of her arms when a furnace exploded while lighting it on Sunday, was at the home of her neighbor, Mrs. John Morgan, 1006 Agnew street, when the accident occurred. She was not at her own residence as previously reported. The young girl was treated in the New Castle hospital, but was discharged later.

BLAST KILLS MAN

CHERRY TREE, Pa., Feb. 8.—(INS)—One man was killed and a second was injured by a dynamite blast Monday at the Maryland Trojan Coal Company at Gipey, Indiana county.

Thomas Korney, 24, of Burnside, was killed. He was the father of three children.

Calvin Kantz, 24, of Arcadia, was treated at a Spangler hospital for dust particles imbedded in his face and right arm.

A charge of explosives was being set off when the accident occurred.

House Members Appear Jealous

Colleagues Of Senate Enjoy Private Clubroom Advantages

MORE STATE JOBS TO BE AVAILABLE

HARRISBURG, Feb. 8.—(INS)—Members of the House are a little bit jealous of the private clubroom enjoyed by their colleagues in the Senate. Refreshments are on hand for senators whenever the Upper House is in session and many a legislative problem posed by political division has been solved back of the clubroom's door. Major-domo of the establishment is Ralph Earley, of Harrisburg, officially the Senate custodian but who is on hand to barber the senators. He humors the tenuous whims of all senators and several sessions ago kept a bear grease preparation on hand for one member. The 50 members making up the Senate lend themselves to the success of the clubroom while the size of the House—208 members—almost precludes such an undertaking.

In another three months, Republican patronage chiefs party will have about 400 more jobs to dole out to the party faithful. The date will be May 1 when Democrats relinquish the hold on the Auditor General's and State Treasurer's departments which they have controlled since 1936. Ex-State Sen. Weldon B. Heyburn, of Concordville, will move into the Auditor General's office while State Welfare Secretary Charles R. Barber, of Erie, will set up shop in the State Treasury. The official swearing in ceremony may be held in the State House of Representatives. Outgoing State Treasurer Ramsey S. Black, of Harrisburg, is expected to go back on the federal payroll. Prior to his election in 1944, he was third assistant U. S. postmaster general. Retiring Auditor General G. Harold Wagner, believed finished with Democrat politics, may move his family to Florida.

Health department reports for all but December in 1948 show that when a person is ready to commit suicide he turns to firearms. Approximately 400 of the 1,006 suicides reported unofficially during the 11 months used guns to blast themselves out of this world. About the same number used guns to "end it all" in 1947 when suicides totaled 1,180 according to the

Anglo-American Traffic Ban In Germany Begins

BERLIN, Feb. 8.—(INS)—A joint Anglo-American ban on movement of all motor freight traffic from West Germany to the Soviet Zone took effect Monday in a new counter-measure against the Soviet blockade of Berlin.

The move affects mainly motor traffic between the countries of Western Europe and the Soviet satellite nations of the east. Most of this traffic traverses Germany. An official announcement has stated that the Allied embargo was put in effect because of the "consequences of the restriction imposed upon traffic through the Soviet zone of occupation."

The restrictions were described as "much more stringent than those imposed on rail traffic to and from the Soviet zone early in September."

County C. E. Officers Plan For Projects

Officers of Lawrence County Christian Endeavor union assembled in Central Christian church when plans were made for a spring convention. Edwin Gardner, Grace Kelly, Shirley Port and Agnes Thompson will be responsible for arrangements. As a missionary project for the near future the officers expect to offer a play written by a former local pastor.

Leora McCommon, president, asked the group to help promote the membership mobilization campaign. Geraldine Frye, local registrar, is eager to receive more resignations for the state and international conventions.

Impressive devotions were led by Rose Ann Zeigler and Paul Doerr, of the High School society of the host church.

Prior to the meeting a delicious twelve dinner was enjoyed at a table centered with a cake, decorated in honor of Christian Endeavor's 68th birthday. Agnes Thompson and Richard Oliver, social and recreational chairmen, were responsible for arrangements. Mr. and Mrs. Richard Oliver, Wilmington avenue, will be hosts at their home Thursday evening, March 4.

WILL FURLOUGH 1,000
SCRANTON, Pa., Feb. 8.—(INS)—The Delaware and Hudson railroad announced today that approximately 1,000 employees will be furloughed on the carrier's system. Some 40 men were furloughed indefinitely in the firm's Carbondale and Wilkes-Barre districts. The car shops at Albany, N. Y., are to be closed indefinitely, the D. and H. said, and 400 men will be laid off there. The company blamed a decrease in coal shipments for the action.

ON THE PUBLIC SQUARE

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, Feb. 8.—When ever casting directors need a loud-mouthed, dim-witted character for a new movie their minds turn like radar to William Demarest.

He is in a class by himself in portraying such roles as dumb cops, prohibition bootleggers, marine corps sergeants and night club bouncers.

A hotshot casting director remarked recently that "The Screen Actors guild is saturated with noisy guys and numbskulls, but when it comes to a combination of the two there isn't a finer package on the market than Bill Demarest."

He is one of the few actors in Hollywood who isn't beating his gums today over the lack of work during the current lull in movie manufacturing.

In Three at Once

Last month, for example, he worked in three flickers at once—"Whispering Smith," "Sorrowful Jones" and is still toiling in "Red, Hot and Blue."

Demarest possesses a realistic and non-shrinking approach to Hollywood. And he knows why studio bosses holler for his services like a convention of hog-wild auctioneers.

"I've been around this burg, on and off, for many years. People know me and know my work. If what producers have in mind jives with that I can do, then I'm in like a burglar. If not—who cares? I stay home or go to the races. It's as simple as that."

Actually it is simple as that. Through the years Demarest has constructed a solid reputation for a raspy, crusty dyspeptic sort of gent. Few actors in the business can scribble their hancock on a contract without being asked to first make a screen test. Bill can. Like many old-timers in the acting dodge, Demarest started out in vaudeville.

He was born in St. Paul, Minn., where his pop was a struggling second-hand furniture dealer. Times got tougher and the family moved to New York, where Bill worked from 3:30 until 7:30 a. m., every morning delivering milk,

bread and department store packages.

Musically Minded

The three Demarest brothers were musically-minded and formed a three-piece orchestra a few years later. They worked up an act in which Bill in addition to playing the cello, did a dance routine in blackface—and toured the midwest for \$40 a week.

Eventually Demarest struck out for himself. He became famous for his slapstick cello routine and pratfalls. He also did card tricks, acrobatics, tap dancing, Russian dancing, trampoline and bar work and juggling.

On one booking he did 12 shows in a single day. During this period he lived in so many camped rooms overlooking elevator shafts that he vowed he would someday build a home on a hilltop. And he has one now.

During the 1920's Demarest scooted into the headline class, appearing several times on Broadway in such specialty shows as the "Vanities."

In 1933 an incident occurred which warned him of the impending death of vaudeville. While playing in a revue in Chicago, he was offered more dough to haul his troupe to St. Louis. He was shocked to find that its playing time had been cut from 70 to 10 minutes.

The feature flicker, supposedly supporting his show, "was 'She Done Him Wrong,' starring Mae West. It was so popular that the theater manager was re-running it as fast as the projectionist could re-wind the reels. Finally, after his playing time had been cut to a two-minute intermission, Demarest handed in his notice.

"I got on the next train and came to Hollywood," he said, "and I've been here ever since."

A crab or lobster grows in spite of its shell, because it sheds the shell periodically, then the soft body is able to grow before it forms another unyielding protective cover. The process of shedding is called "moulting".

Mr. And Mrs. E. J. Weigle
To Observe Golden Wedding

MR. AND MRS. E. J. WEIGLE

Mr. and Mrs. E. J. Weigle of New Castle R. D. 1 will observe their golden wedding anniversary February 12 at a family dinner in the home of their son, W. J. Weigle, 420 Line avenue, Ellwood City. Dinner will be served at 5 o'clock, after which friends and relatives will be received in the Ellwood City home from 7 to 10 p. m.

The former Miss Clara Scheidtmann of Ellwood City became the bride of John E. Weigle of Ellwood City February 12, 1899, with the Rev. J. M. Yingling of the Methodist church of Cumberland, Md., officiating.

Mr. and Mrs. Weigle are the parents of one daughter, Mrs. E. E. McMillen of Wampum, and two sons, Lt. (j. g.) Howard L. Weigle of Corpus Christi, Texas, and W. J. Weigle of Ellwood City. They have 11 grandchildren and three great-grandchildren.

Mr. Weigle was a blacksmith by trade and operated a shop in Mahoningtown, where the family resided until 1918, when he moved his shop to Ellwood City and moved to his present home. He retired a number of years ago.

MARY L. PERRY TO WED, WEDNESDAY
Miss Mary Louise Perry, daughter of Mr. and Mrs. James Perry of 12 W. Lawrence street, will become the bride of Carl Stembal, son of Mr. and Mrs. Frank Stembal of 1312 Hamilton street, at an open church wedding to be performed in St. Joseph's church Wednesday morning, February 9, at 9 o'clock. Rev. Fr. Raymond Must of St. Wendelin's church in Carick, Pa., an uncle of the bride, will officiate.

The bride-elect has chosen Miss Jean Cullen, her cousin of Youngstown, O., to be her maid of honor and Mrs. Dorothy Stembal, sister-in-law of the groom, and the Misses Virginia Fobes and Dolores Balisko to be bridesmaids.

The prospective groom has asked Nicholas Borke to serve as best man and John Costa, Michael Chabak and Donald Stembal, his brother, to usher.

MERRY MAMS CLUB HAS ANNIVERSARY
An anniversary party with husbands as guests was held recently by the Merry Mams club, in a local dining room. The evening was spent informally afterwards.

On Monday evening the club met with Mrs. John Morar, Jr., South Jefferson street, and cards and contests were featured.

Winners were: Mrs. Nick Tuscano and Mrs. Marshall Russett. The door trophy was won by Mrs. Nicholas Tuscano. A new member was welcomed, Mrs. Guy Troglia.

Later the hostess served a dainty lunch, aided by Mrs. C. Gardner. March 8, is the meeting with Mrs. Walter Morgan, 1049 Rose avenue.

Union High Plans Valentine Dance
Student Body To Unite Wednesday Evening For Annual Sophomore Sponsored Dance

Annual Valentine dance of the Sophomore class of Union Township High school will take place in the school gymnasium on Wednesday evening, February 9 at 8 p. m. Extensive plans have been made by the president, Philip Maronde for one of the most enjoyable evenings ever spent by the high school student body.

A queen of hearts from the Senior class will be selected by the student body as she enters the door. Six attendants from the sophomore class have been chosen by the young men of that class. These young ladies are: Peggy Hammond, Mary Lou DeVite, Mary Ann Cheuey, Phyllis Phillips, DeJores Duda and Darlene Gierlach.

Advisors for the group include: Mrs. Allan Brettell, Mrs. Russell Shields and Miss Pauline Grohm.

Plan Funerals For Three Fire Victims
BISMARCK, W. Va., Feb. 8.—(INS)—Funeral arrangements were being planned today for a mother, her daughter and a bedfast cripple, who were fatally burned in their three-room farm house in Bismark.

Dead were Milford Wheeler Cosner, 72-year-old cripple, his daughter-in-law, Juanitha Grace Cosner, 19, of Bayard, W. Va., and her 22-month-old daughter, Elizabeth Valeria.

Police said Lorenzo Cosner, father of the dead child, discovered the fire, and ran barefoot about a mile to summon aid. When he returned he learned his wife and baby had perished in the flames.

Hunting Claims 23 Fatalities

4,500 DEER ARE KILLED ILLEGALLY

HARRISBURG, Feb. 8.—(INS).—The State Game Commission's preliminary survey of 1948 game kills indicated hunters waged successful campaigns on wild turkeys, Ringneck Pheasants, Raccoons, Woodchucks, Waterfowl, and Woodpeckers compared with 1947.

Kill records "on all other species" were below those of the previous season, the commission added.

The 1948 small game kill was based on field officers' estimates, the commission said. Last year's kill (1947 totals in parentheses) were:

Cottontail Rabbits, 1,791,550, (1,829,843); Squirrels, 564,875, (658,787); Wild Turkeys, 4,319, (2,751); Ringneck Pheasants, 277,254, (220,814); Raccoons, 98,242, (91,912); Ruffed Grouse, 24,297, (29,922); Bobwhite Quail, 5,700, (8,360); Hungarian Partridges, 43, (96); Woodcocks, 26,210, (20,263); Waterfowl, 40,352, (35,914); Shorebirds, 3,980, (4,061); Mourning Doves, 6,847, (6,868); Woodchucks, 259,534, (234,017).

The 1948 Wild Turkey bag was the greatest in eight years, the commission reported.

Early tabulations of hunting accidents showed 23 fatalities and 429 non-fatal mishaps during 1948, compared with 29 fatal and 426 non-fatal in 1947.

Accidents included nine deaths and 59 injuries during the big game season, 12 deaths and 342 injuries during the small game season, two deaths and 19 injuries in the Woodchuck season, and eight non-fatal mishaps in pre-season accidents.

381 Bears Killed
Incomplete tabulations on deer kills showed approximately 30,000 legal bucks bagged by hunters in 1948, in comparison with 31,475 bucks and 63,568 legal antlerless deer in 1947. The season on antlerless deer was closed last year.

Incomplete reports on bear kills disclosed a sharp decline, according to the commission. Early reports showed hunters last year bagged 381 bears in comparison with 569 in 1947 when bear hunters established a six-year record.

Field officers estimated that an additional 4,500 deer were killed illegally by hunters in 1948 and 8,700 other accidentally or intentionally as a result of crop damage.

Game officials expressed concern over illegal game kills and pointed out that the slaughter of 90 bear cubs was the black mark on the 1948 bear season.

Deer kills in wooded areas adjacent to agricultural regions of the state were larger during 1948 than in other years, indicating a scarcity of food in the animals' natural habitat, game officials said.

The number of deer killed near farming areas also was greater and carried larger racks than those shot in more isolated sections, according to the commission.

There will be a New York Yankee professional football team in Yankee stadium next fall.

Fighters To Help Pay Off Mortgage

NEW YORK, Feb. 8.—(INS).—Lightweight boxing champion Ike Williams will defend his title in Los Angeles April 21 against Enrique Bolanos of Mexico, with the Lou Costello Youth Foundation the principal winner.

Costello and Frank (Blinky) Palermo, manager of Williams, announced in New York that the foundation will promote the 15-round Wrigley Field bout to pay off an \$80,000 mortgage on its Los Angeles youth center.

Williams in a gesture of almost unprecedented generosity, agreed to claim only 7½ per cent of the gate instead of the 40 per cent he received when he won a split decision from Bolanos in Los Angeles last year. The Mexican fighter will receive 17½ per cent.

Ezzard Charles Kayoes Haynes

PHILADELPHIA, Feb. 8.—(INS).—Ezzard Charles today moved nearer a possible June heavyweight title bout with Champion Joe Louis after an eight-round knockout of Johnny Haynes, giant Los Angeles puncher.

Charles, outweighed by 35 pounds, blasted the 214-pound Californian with a long, shattering right to the jaw that wound up a roaring battle.

A crowd of 4,731 fans paid \$11.247 gross to watch the fray.

DiMaggio Signs At Undisclosed Amount

NEW YORK, Feb. 8.—(INS).—Joe DiMaggio signed a 1949 contract with the New York Yankees today that reportedly will pay him one of the highest salaries ever earned by a baseball player.

Neither the Yankees nor DiMaggio would say what the contract called for, but the indications are that Joltin' Joe will pull down at least \$80,000 this year, and perhaps more.

Babe Ruth, highest paid ballplayer in Yankee history, was paid \$80,000 a year in 1930 and 1931. Earnings from exhibitions boosted his annual pay those years to about \$90,000.

DiMaggio was paid \$68,000 last year, including a bonus arrangement. This put him under the reported salaries of Boston's Ted Williams and Cleveland's Bob Feller.

Last year, DiMaggio batted .320, led the American League in home runs with 39, and topped the league in runs batted in, with 155.

BILL WERHLE SIGNS PI-RATE CONTRACT
PITTSBURGH, Feb. 8.—(INS).—South paw Bill Werhle returned his signed contract to the Pirate office today. The promising rookie pitcher was purchased from San Francisco for a large sum of money and three players last year.

He won 17 and lost seven and had an earned run average of 2.74.

HAMLINE REMAINS UNDEFEATED FIVE
ST. PAUL, Minn., Feb. 8.—(INS).—Hamline remained the nation's lone undefeated major collegiate basketball team today.

The Pied Pipers knocked off Concordia (Minn.) 71 to 43 for their fifteenth straight victory.

New Castle Faces League Leaders At Aliquippa Tonight

Red And Black Aims For Upset Of Season

New Castle High's oft defeated cagers face the scourge of Section 3 tonight when they meet the high flying Aliquippa quintet, on the Aliquippa floor.

The Quips have seven straight wins in loop play and they have yet to taste defeat this season in exhibition or league tilts.

The Cane hoopers have fared very well in pre-season and exhibition play but cannot find the winning formula against Section Three quintets. Two consecutive wins against low standing Farrell and Ellwood City represent the Red and Black's best efforts in action against loop foes.

Floor Favors Quips

Coach Gig Thomas' lads not only must face a team that was long ago tagged one of the best in the area but the Cane must also challenge the Quips on the latter's home floor. The home floor factor seems to be more important this year than ever before. Even many of the nation's top collegiate quintets have found the going rough when the opposition is in their own backyard, and the lowly Cane will be facing this obstacle tonight.

On the brighter side is the fact that New Castle was the first team to give Aliquippa a tough game. In their first meeting at Washington gym, New Castle led throughout the contest and had a one-point lead going into the last period. The Indians, however, hooped in 13 points before the locals could dent the nets in the final chapter. The Quips gunned for 16 points and held the locals to five in the disastrous final eight minutes of play. More experience and a sharper defense in that game might have spelled a New Castle win. But tonight the Cane will have had that needed experience and will certainly be on guard against the lightning-like thrusts on the part of the would-be champs.

Lewis Helps Reed

Don Reed, leading sectional scorer, got some good help from Dick Lewis in the overtime loss to Beaver Falls Friday night. Dick's sharpshooting and aggressive play was one of the outstanding features of the contest.

More of this type of play by the high scoring center's team mates would add balance to the attack, take some of the burden from the shoulders of Reed, and may lead to a New Castle win against a foe whom even the most ardent New Castle fan would deem unbeatable in the light of the records of the competing teams.

Titan Swimmers

Defeat Thiel

The Westminster swimming team defeated Thiel Monday afternoon at New Wilmington, 51 to 15. It was the third win in four starts for the Harold Burry coached Titans.

Junior Church League Results

Six games were played Saturday afternoon and evening in the Junior church basketball league at the "Y."

First Christian outscored First Presby 29 to 11 as Morris sank 7 field goals and three fouls for the winners. Sampson Street Alliance triumphed over St. Paul's 21 to 14. Minner earned 6 points for the winners and Kolunie netted 6 for St. Paul's.

Croton had an easy time taking First U. P. 34 to 17. Chaplin and Milliken combined to mesh 24 points for Croton and Andrews' 8 was high for the losers. Lutz had 10 markers as First Baptist rolled over Third U. P. 24 to 19. Mooney's 3 field goals sparked Third U. P.

St. George nipped Epworth 33 to 31 in a close game. Koginos and Mitsas split 19 markers for the Greeks and Lasky hooped in 8 for Epworth. In the final contest on the card, A.Z.A. tripped Second U. P. 18 to 9. Gillman, Greenberg, Berkman and Haines had 4 each for the A.Z.A. five while Hanna made 6 of his teams 9 points.

Bob Feller To Sign Contract

NEW YORK, Feb. 8.—(INS)—The expected signing of Bob Feller in Cleveland today virtually completes the ranks of major league baseball's blue chip gentry.

Rapid Report reportedly will receive \$40,000 base pay with attendance bonuses raising his total salary to a point somewhere below the \$82,500 he received in 1948. But Joltin' Joe DiMaggio, who had a great year with the New York Yankees while Feller was having a mediocre one with the Tribe, now becomes baseball's highest paid performer.

Believe Kiner Will Draw \$30,000 Salary

PITTSBURGH, Feb. 8.—(INS)—Ralph Kiner, the Pirate's slugging left fielder, signed his 1949 contract with the Pittsburgh National League entry today.

Terms of the contract were not revealed, but it was believed he will receive \$30,000, the same as last year. Kiner, 26, one of the most promising sluggers in baseball, has led or tied for the home run leadership in each of his three years in the league. His 114 round trippers in that span also is a record, bettering Joe DiMaggio's 107 in his first three seasons.

New Castle Rifle Club Wins Match

The New Castle Rifle club defeated Evans City last night at the Armory range 1193 to 1191, with Wilbur Thomas shooting a sensational 247 out of a 250 possible. New Castle scores: Thomas 247, Williams 240, Bowers 236, Carrigan 235, Moore 235—Total 1193. Evans City: Slaver 241, Semel 239, Bower 239, Turner 236, McWhitney 236—Total 1191.

City-County Loop Games Wednesday

There will be two games Wednesday in the City-County basketball league. The Eagles will play at East Brook and the Wampum Merchants will play at Ellwood City.

BOSSSES TALK CONTRACT WITH DOBY

The Cleveland Indians' star Negro outfielder Larry Doby (center), seems to be enjoying this contract confab with bosses Manager Lou Boudreau (left) and President Bill Veeck at their meeting in New York. While no announcement of agreement came out of the meeting, rumor is that Doby will get a substantial raise over his first-year salary with the world champions.

Epworth Nips Wampum 46-44 In Overtime

Champs Of Two Leagues Play Thrilling Battle, Other "B" Teams Win

Epworth, first half champs in the church "A" league defeated Wampum, "B" league first half champs, 46 to 44 in an overtime match at the "Y" last night.

This contest was not a playoff game, but it was a thrilling battle between two of the classiest teams performing on "Y" court this season.

Epworth led 20 to 15 at the half and held their five point margin at the end of the third period. The Wampum boys gunned for 14 markers in the last quarter and Epworth got only 9. The result was a 42-42 ball game and an extra period was necessary. The experienced Epworth cagers took this stanza 4-2 and thus the ball game.

Russ Stokes, Frank Reed and Zeke Wainio scored 37 of the winners 46 markers. "Snake" Procopio, Ray Jackson and Vance made all but 4 of their team's total. The Wampum lads outscored Epworth from the field 19 to 17 and connected on 6 out of 8 foul tries. Epworth hit on 12 out of 20 attempts, which gave them their victory margin.

"B" league teams emerged triumphant in the other two exhibition tilts on the card. Croton whipped First Congregational 48 to 25. Bird had 13 for Croton and Frank Steinbrink hit 11 for the losers.

Jay Thompson sparked First Methodist to a 32 to 25 win over First Baptist. Jay canned 11 points and played an excellent floor game. McCallion's 8 topped the Baptist scorers.

Eagles Without General Manager

PHILADELPHIA, Feb. 8.—(INS)—The champion Philadelphia Eagles of the National Football League find themselves today with no less than 100 owners, but no general manager. This turn of events came about when Charles D. Ewart, who held the post while doubling as backfield coach at the same time, announced he was parting company with the champions to assume the head coaching job of the New York Bulldogs.

Baseball Clinics Start February 14

HARRISBURG, Feb. 8.—(INS)—Baseball clinics for amateur coaches and managers will be held throughout Pennsylvania February 14-19 by "big league" officials with the sanction of the Pennsylvania Interscholastic Athletic Association. They will be held at Mt. Lebanon, Lewistown, Johnstown, Bethlehem and Pottsville.

McPeak Dinner Tickets Final Sale Thursday

If ticket sales are any criteria, Saturday night's testimonial dinner at The Castleton honoring McPeak will be a success.

Civic-minded football fans, who for the last four years have been proud to acclaim the Pitt captain and star end as a New Castle boy, have heartily endorsed the idea to honor one of the city's most famous personalities in the world of sports. This endorsement has come in the form of ticket purchases and the telling of their friends to do likewise.

According to Len Gilbert, ticket sale chairman, there are still a few tickets that can be purchased. However, all tickets and ticket money must be turned in by Thursday evening and final dinner reservations will be made at that time.

Milligan to Speak. Other preparations for the dinner have been completed. Mike Milligan, Dick Cassiano and Josh Williams, of the Pitt coaching staff, will arrive Thursday afternoon with the movies of the Pitt-Purdue and Pitt-Penn State games. The Barber Shop quartet has practiced all of the A sharp and E flats necessary for some of that good old-fashioned harmony. Best of all, almost 200 citizens are ready to partake of a delicious chicken dinner and at the same time tell a famous local athlete that his fellow townsmen are proud of him and wish him the best of luck in his future venture into professional football.

Dawson Knocking At Titular Door

CHICAGO, Feb. 8.—(INS)—Freddie Dawson, a Chicago lightweight with a punch like a pint-sized pile-driver, is offering himself as the logical contender for either the light or welterweight crowns—but there were complications.

Dawson won that privilege when he hammered number one welterweight aspirant Bernard Docusen to a sixth-round TKO at Chicago and in so doing set himself up in the unusual position.

Demaret Top Money Winner

CHICAGO, Feb. 8.—(INS)—Latest official moneywinning figures from Professional Golfers' Association headquarters in Chicago today put the colorful Jim Demaret of Ojai, Calif., atop the list with \$4,513, nearly \$700 more than the recently-injured runner-up, Ben Hogan.

Behind Demaret and Hogan in earnings so far in 1949 are: Lloyd Mangrum, Chicago, \$3,755; E. J. Harrison, Little Rock, Ark., \$2,420; and Sam Snead, White Sulphur Springs, W. Va., \$1,533.

County Cagers Face Sectional Foes Tonight

Shenango At Bessemer Top Attraction; East Brook And Union To Test Leaders

Eight county high school cager squads are poised and ready to renew hostilities in Section 23 tonight.

Shenango's Wildcats (5-5) have an opportunity to climb into a tie for third place when they meet the Bessemer Cementers on the latter's home floor. Coach Nahas and his crew pin their hopes of a successful season on wins over their two biggest rivals, Wampum and Bessemer. They have already pulled the upset of the season by defeating the Indians, and are firmly convinced that tonight is the time to accomplish the second part of their goal.

Mounties at Union

League-leading Mt. Jackson travels to Union for one of the main attractions on the Section 23 home court this season. Union lost a 10-point decision to Wampum Friday, but plans to rebound tonight and stop the high scoring Mounties. Pat Kerr, Bill Emery and company see shadows of a sectional pennant waving in the background but are concentrating on each contest as it comes along to insure a long gaze at the real thing when the proper time comes.

East Brook Troublesome

East Brook, improving with each game, is definitely eliminated from any championship consideration. The Eagles, however, are out to avenge some early season defeats and do not care if that avenging cramps the chances of a leading contender. Butler Henon's Wampum five must face the troublesome Eagles tonight, and the Indians have to win them all from here on in to stay in the fight against Mt. Jackson.

Princeton hosts the New Wilmington Greyhounds in the fourth game of the sectional card. The Eagles cagers were slowed down to a walk Friday night by Mt. Jackson, but hope to regain stride tonight and feast on the winless Bears.

The Double A generally is conceded to be the toughest scholastic division in the country. That's the league in which Leon Hart, Lou Kussner, Johnny Mastrangelo, Leo Szafryn, Johnny Lujack and other All-Americans played their prep ball.

HERE AND THERE IN SPORTS' LAND

PROPOSED fight between Billy Pozza and Rizzeri Ronzi will come some time, but the exact date is not yet known. This info' came from Tommy Leach, matchmaker of the JAC today. Leach reports he was visited by Johnny Luccisano, manager of Pozza who said that Pozza intended to go to New York for a while, but upon his return he would fight Ronzi. . . . Meanwhile, they're talking about a match between Frankie Moran and Joe Kezele of Warren, O. Recently they boxed a draw in Akron. Here & There read a report from Akron in which the award given Moran was unpopular with some of the fans. However, the salient part about the right was that it was a very good fight. . . . Telling of rattlesnakes recently, Carl Wallace, a deer hunter, told a story of a camp in the northern part of Pennsylvania, which was infested with the reptiles. He said some New Castle men caught five blacksnakes and transported them to camp. Wallace said he was told that the blacksnakes chased the rattlesnakes, and liked their domicile so much, they lived beneath the cottage, and being fed milk, came out every morning to get their fill from a saucer. Tommy Yarosz, Monaca, after an absence of 18 months from a Pittsburgh ring, will box Sylvester Perkins, Chicago, who stands number sixth in the middleweight division, in addition to having defeated Yarosz in Chicago, last September. . . . After gazing into Walter Ringer's "dee freeze", Here & There has come to the conclusion that Sir Walter performed other feats than reposing on a cot at his Lakewood cottage last summer. . . . Bruno Betzel, scout, Yankees, and Marty Putrell, scout, Boston Braves, will hold a baseball clinic for coaches and managers hereabouts at McDonald, O., high school, February 17. A. A. Burkey, schools superintendent, McDonald, is chairman of the clinic.

Paul Brown, at \$25,000 a year, will remain as coach of the Cleveland Browns. On January 3, a Clevelandian, imparted this information, confidentially, to Here & There, that Brown would not resign was then rumored. The informant's words came true. . . . Should the box office appeal be good, Joe Louis will defend his title in June for the Twentieth Century Sporting club. . . . Irish Jimmy Sanders beat Pete Mistovich at Youngstown. . . . No word was received of the outcome of the Jack Biddle vs Danny Boy Williams fight in Detroit. No doubt the local globe-trotting middleweight boxer, is now speeding toward California. . . . Ted Horn of Paterson, N. J., 1946 and 1947 National Champion, has been post-humously awarded the AAA National Championship of the Auto Race world for 1948. Winning the championship for three consecutive years is a feat never before accomplished in the history of organized racing. He also won the Eastern Non-championship title for the third consecutive year. At Du Quoin, Ill., October 10, he was fatally injured when his car's right front spindle broke during the early part of the race.

MORELLA BIG FIVE SEEKS CAGE GAMES

Morella's Dairy Bar basketball team opens its season Thursday night at Bessemer against the powerful Legionnaires of that town.

Realizing that his team has been organized late in the season, Manager Tom Morella said today that he would like to book additional games with any fast team in the city, especially the K. Pulaski, Polish Falcons, and Elks. Ecclesiastics, Eagles, East Brook Boosters, etc. Games may be arranged by calling 9029.

There are 21 ten year veterans playing in the National Baseball League.

SLOVAK CLUB DINES

More than 120 members of the Slovak club and their wives gathered at a suburban dining room Sunday to honor the Tigers, first half winners of the bowling league.

John Emery, president of the bowling league, presided at the meeting. President John Mehall was absent due to illness in the family.

After a delicious dinner, games and other pastimes were enjoyed during the afternoon and evening.

Waterfield, the star passer of the Los Angeles Rams of the National Football League, the other day said that he was interested in an offer by the New York Yankees of the rival All-American Conference.

Active Morning Session Reported

In New York Stock Market

NEW YORK, Feb. 8.—(INS)—

The stock market was irregular in another active morning session today.

General Motors stock was 1 1/2 points lower on an opening block of 3,000 shares. It subsequently rallied to 59 1/2 off 1/2 points from its previous close.

Elsewhere in the industrial group, fractional losses were sustained by General Electric, off 1/4 at 36 1/2; Chrysler off 1/4 at 53 1/4; and Commercial Solvents off 1/4 at 17.

Small gains were recorded by U. S. Steel, up 1/4 at 71 3/4; DuPont up 1/2 at 183; and Standard of New Jersey was up 1/4 at 66 1/2.

Rails were slightly firmer. Illinois Central was up 1/2 at 25; Atchafalaya up 1/4 at 93; and Southern Railway up 1/4 at 36 1/2. Pennsylvania eased 1/4 to 16 1/4, while New York Central and Southern Pacific held unchanged.

The bond market was highlighted by an improved tone in rail issues. Grains continued weak in commodities, with wheat off 4 cents, and corn down as much as 4 1/2 cents, a bushel. Cotton lost 80 cents a bale.
